This is volume 1 and volume 2 combined for the ebook edition. Part One of this comprehensive study covers the life of Captain Arthur Roy Brown, who is well-known as an ace fighter pilot. The basic story is told in Brown's own words, via his previously unpublished letters home and the entries in his Pilot's Flying Log Book. Part Two of the book covers Captain Brown's encounter with Manfred von Richthofen, the Red Baron, in

detail. In 1995 Alan Bennett toured the site in France where Captain Brown had attacked the Red Baron on 21 April, 1918. As an experienced pilot of similar aircraft, he had grave doubts as to the truth of some parts of the story. The eventual result was a book written in conjunction with Norman Franks: THE RED BARON'S LAST FLIGHT. After plentiful information from readers, Captain Roy Brown's family, and Wop May's son, plus further research in France, a considerably different picture of the entire event and of Roy Brown's life emerged. This new book, Captain Roy Brown, tells the complete definitive story.
