With the global economy still in recovery, it is more important than ever for individuals and organizations to be aware of their money and its potential for both depreciation and growth. Banking, Finance, and Accounting: Concepts, Methodologies, Tools, and Applications investigates recent advances and undertakings in the financial industry to better equip all members of the world economy with the tools and insights needed to weather any shift in the economic climate. With chapters on topics ranging from investment portfolios to credit unions, this multi-volume reference source will serve as a crucial resource for managers, investors, brokers, and all others within the banking industry.

C. Rufus Rorem, (1894-1988) was a pioneer in the development of group medical insurance and pre-paid health care. At the time the concepts were radical, but in 1937 he became head of the American Hospital Association's committee on hospital services, which fostered the first prepaid hospitalization plans in New York and other cities, followed in the 1940's by doctors' group practice. This collection includes out of print and difficult to access primary and
