mutter in relief seconds after they fall asleep.

Swearing, it seems, is an intimate part of us that we have decided to selectively deny. That's a damn shame.

Swearing is useful. It can be funny, cathartic, or emotionally arousing.

As linguist and cognitive scientist

Benjamin K. Bergen

shows us, it also opens a

# Read Book Answers

new window onto how our brains process language and why languages vary around the world and over time.

In this groundbreaking yet ebullient romp through the linguistic muck, Bergen answers intriguing questions: How can patients left otherwise speechless after a stroke still shout Goddamn! when they
