The successful opening volume of The Cambridge History of Literary Criticism is now available for the first time in paperback.

Empire, State, and Society assesses the external and internal forces behind Britain's transformation from global superpower to its current position in the twenty-first century. The authors provide an accessible and balanced introduction, which is thoughtfully organized for ease of use for both students and teachers. Offers a crucial comparative dimension which sets the experience of Britain alongside that of twenty-first-century superpower, the United States of America Draws on recent scholarship to provide a highly current perspective Organised to allow professors to assign readings with more or less depth as student abilities and course lengths allow Written in a style that is wholly accessible and exciting for undergraduates in both the US and the UK

Pursue a more mindful life with words of wisdom from esteemed Star Wars™ mentors Yoda, Obi-Wan Kenobi, and Luke Skywalker. A balanced mind. Inner calm. A positive influence on the world. A Jedi must embody all of these qualities in order to master the Force. But these same self-enlightenment skills can also help you to master a chaotic life in a galaxy much closer to home. The heroes of the Star Wars galaxy have faced many trials and tribulations during their adventures. Learn from their experiences-and in many cases mistakes-to discover new mindfulness techniques to deal with stressful situations. Whether it be coping with relationship struggles, managing workplace stress, or trying the save the galaxy from your overbearing father, Star Wars: Be More Yoda not only provides tips for mindful thinking, but will bring a moment of joy to your day. The perfect gift for Star Wars fans, Star Wars: Be More Yoda is an entertaining guide to mindfulness, featuring iconic moments and famous sayings from the Star Wars movies alongside light-hearted life lessons. © & TM 2018 LUCASFILM LTD. Used Under Authorization.

Viorel Panaite analyzes the status of tribute-payers from the north of the Danube with reference to Ottoman law of war and peace, focusing on the legal and political methods applied to extend the pax ottomanica system over Wallachia, Moldavia and Transylvania.

The novella that inspired Shakespeare's Twelfth Night A worthy and brave duke, Apolonius, is blown off course when sailing to Constantinople and takes shelter on the isle of Cyprus, where he is made welcome by the governor of the island. The governor has two children, a son, Silvio, who is away fighting in Africa and a daughter, Silla, who lives at home with her father. Silla falls in love with Apolonius and is distraught when he finally leaves for Constantinople. She departs in secret to pursue him but her ship is wrecked in a storm and she manages to survive by clinging to a wooden chest. The chest contains the captain's clothes and these she uses to disguise herself for the remainder of her journey, adopting the name of her brother. Thus, as Silvio, she is welcomed into the court of Apolonius, befriends him and becomes his confidant. When he asks her to act as go-between in his courtship of a wealthy widow a chain of events is put in motion that threatens to end in tragedy but is ultimately played out as a great comedy of errors. William Shakespeare was inspired by Apolonius and Silla to write his own version of the tale, Twelfth Night. This is an opportunity for readers to enjoy the original story. Barnabe Riche (or Barnaby Rich - there are several variants) was an English soldier, born in or around 1540, who turned to writing in 1574. His most popular collection of stories was published in 1581 under the title of Riche his Farewell to Militarie profession: conteining verie pleasaunt discourses fit for a peaceable tyme. Following the end of his military career, Riche lived in Dublin where he acted as an informer for the crown in Ireland under both Elizabeth I and James I. He died in 1617.

There were no bullfights in 1937 Madrid, just bombs, freedom fighters, journalists, and plenty of corpses. Ernest Hemingway, covering the Spanish Civil War for the American press, came looking for stories and danger, and found something else: a friend murdered amid the ruins. With a new novel stirring in his head and his veins pumping with booze, Hemingway sets out to find who killed José Robles Pazos, a bureaucrat in the Popular Front, and who's covering it up. There is, after all, nothing like risking death in a war zone if it means living fast, nailing the bastards, and avoiding a deadline. With the writer John Dos Passos at his side, Hemingway wades into the darkness, discovering that his old WWI buddy is no mere casualty of war---but victim of something far more terrible. Boisterous, bare knuckled, and stewed to the gills, Hemingway Cutthroat captures the writer at the height of his career and in a Europe teetering on untold cataclysm, struggling to find out not just for whom, but why the bell tolled.

Although physically removed, the Berlin Wall will continue to live on in history and in the pages of this anthology as a symbol of the struggle between the most powerful ideologies of the twentieth century.

Based on a traditional Turkish-Russian tale, three brothers ignore their mother's warnings and enter a mysterious forest looking for the witches house.

The Sense of Smell is the story of the nose--your nose, your dogs nose, and the noses of thousands of living things --revealing a whole new field of strange, intriguing facts.
