Edexcel GCSE is the world ' s most popular international qualification for 14 to 16 year olds. It is recognized by leading universities and employers worldwide, and is an international passport to progression and success. Developed over 25 years ago, it is tried, tested and trusted by schools worldwide. This syllabus is designed for learners who are learning Mandarin Chinese as a foreign language. The aim is to develop an ability to use the language effectively for purposes of practical communication. The course is based on the linked language skills of listening, reading, speaking and writing, and these are built on as learners ' progress through their studies.

Build in-depth understanding and inspire your students to tackle design challenges both practically and creatively, with a textbook that delivers the Core Technical plus Specialist Technical and Design & Making Principles needed for the 2017 AQA D&T GCSE. The insight of our author team will build topic knowledge, including the technical principles of materials with which you are less familiar, while focusing on the specialist principles of paper and boards in more depth, to ensure you can navigate the specification with confidence whilst your students' ideas flourish. · Trusted author team of specialist teachers and those with examining experience · Build topic knowledge with learning objectives directly linked to the specification and short activities to reinforce understanding · Develop mathematical and scientific knowledge and understanding with activities that link topics to maths and science · Inspire your students as they undertake the iterative design process, with examples of imaginative design-and-make tasks, and a look at how to approach the Non-Exam Assessment · Check knowledge and understanding with end of topic summaries and practice questions for the written exam

AS & A2 Media Studies: The Essential Revision Guide for AQA is a comprehensively updated new edition offering advice and guidance to help students pass AS and A2 Media Studies. Written by a team of experienced teachers and examiners, the book offers clear and engaging pathways through all the areas covered in the Media Studies curriculum, providing students with: · Revision Activities · Exam Tips and reminders · Definitions of key terms · Past paper questions · References to examiners reports. The authors also offer essential background information to help Media Studies students understand wider contexts and theoretical perspectives, as well as giving the lowdown on how exams are marked, how to manage self-study and approaching final examinations.
