Sebastian Boa defies all the rules. There isn't a woman who doesn't want the notoriety of being in his bed. When he crosses paths with Mariss Red at one of his clubs, his interest is quickly piqued, and he sets out to make a play for the confident beauty. But Mariss is married, and she has no desire to lose what she loves for a one night stand with the indulgent playboy. When an attempt is made on Mariss' life, Sebastian rushes to her side. Those closest to him know that it's only a matter of time before his new infatuation causes him to crash and burn. For a man who lives on the edge, the Rules of the chase become clear at the start. If he wants to win Mariss, he will have to play on her turf. Boundaries and all. The harder Sebastian tries, the more Mariss refuses, and the harder it gets to keep his control. The Man Without Rules finds himself changing to be worthy of the one woman who has ever told him no.

“We tried to live with 120 percent intensity, rather than waiting for death. We read and read, trying to understand why we had to die in our early twenties. We felt the clock ticking away towards our death, every sound of the clock shortening our lives.” So wrote Irokawa Daikichi, one of the many kamikaze

pilots, or tokkotai, who faced almost certain death in the futile military operations conducted by Japan at the end of World War II. This moving history presents diaries and correspondence left by members of the tokkotai and other Japanese student soldiers who perished during the war. Outside of Japan, these kamikaze pilots were considered unbridled fanatics and chauvinists who willingly sacrificed their lives for the emperor. But the writings explored here by Emiko Ohnuki-Tierney clearly and eloquently speak otherwise. A significant number of the kamikaze were university students who were drafted and forced to volunteer for this desperate military operation. Such young men were the intellectual elite of modern Japan: steeped in the classics and major works of philosophy, they took Descartes' "I think, therefore I am" as their motto. And in their diaries and correspondence, as Ohnuki-Tierney shows, these student soldiers wrote long and often heartbreaking soliloquies in which they poured out their anguish and fear, expressed profound ambivalence toward the war, and articulated thoughtful opposition to their nation's imperialism. A salutary correction to the many caricatures of the kamikaze, this poignant work will be essential to anyone interested in the history of Japan and World War II.

An immense understanding of the Qur'an is offered here, a vast treasure of knowledge and deep insight and a valuable exposition of some social, political, economic and legal teachings of the Qur'an. But what makes this work unique is that it presents the Qur'an as a book to be lived by. With thousands of notes, an introduction and comprehensive index.

Beautiful, charismatic, and the first and only woman to lead a post-colonial Muslim state, Benazir Bhutto achieved international renown in her native Pakistan until charges of corruption forced her into exile in the late 1990s. From her upbringing in one of Pakistan's richest families to her subsequent politicization and her arrest following her father's execution, Bhutto's autobiography chronicles a life of strength, dedication, and courage in the face of adversity.

A photographic guide to the key words and phrases in Arabic. This attractive ebook is a perfect travel companion and provides a practical guide to the Arabic language, world and culture.

Based on 30 years of research and analysis, this definitive book is a profound, multi-layered, and historical analysis of the nature and role of the Pakistan army in the country's polity as well as its turbulent relationship with the United States. Shuja Nawaz examines the army and Pakistan in both peace and war. Using many hitherto unpublished materials from the archives of the United States, the United Kingdom, and the General Headquarters of the Pakistan Army, as well as interviews with key military and political figures in Pakistan and the United States, he sheds light not only on the Pakistan Army and its US connections but also on Pakistan as a key Muslim country in one of the world's toughest neighborhoods. In doing so, he lays bare key facts about Pakistan's numerous wars with India and its many rounds of political musical chairs, as well as the Kargil conflict of 1999. Hethen draws lessons from this history that may help Pakistan end its wars within and create a stabler political entity. Visit <http://www.shujanawaz.com> for more information about Shuja Nawaz.
