Manuals for BMW Cars
To improve air quality and reduce vehicle emissions, we are working with a number of network operators to provide charging points. A lot of Islington residents lack off-street parking and are unable to charge an electric vehicle (EV) at home. We want to support people to use EVs by installing 400 charging points by the end of March 2022.

Electric vehicle charging points | Islington Council

For the world's leading car-makers, the early 1990s brought radical changes. The reports published by MIT shocked management in European and American industries. Former major companies had to face consequences no one had expected. The assembly-lines were reorganized in order to achieve higher quality at lower costs. Five years after the MIT report, this book poses the question: What are the results of this revolution in work organization? Scientists and practitioners, many of them involved in earlier reports, evaluate the changes to the automotive industry in Europe and Japan. An insight into recent concepts in automation and the organization of production.
