A guide to SAP BusinessObjects Web Intelligence that can sharpen your data presentations. From creating a report, to displaying data via charts, to sharing reports with others, it covers everything from the basics to the actionable details that inform your work. It also includes expanded coverage of new topics like SAP HANA and mobility.

MUSIC OF THE PEOPLES OF THE WORLD, THIRD EDITION, takes a survey approach to world music, covering 11 music cultures. This text focuses on how to listen to and appreciate the music of different cultures, appropriate for students who are not music majors. The text also explores geography and history, allowing students to connect the music to its social context. Listening skills are developed through spotlights on non-Western instruments, and 30 listening guides track the audio step by step, pointing listeners to important characteristics of the piece. Many full-color photos and graphics of instruments, musicians, and cultural events help students understand the context of music in countries with which they may be unfamiliar. The listening guides, an available 2-CD set (with full selections that help students hear significant differences among the music cultures), and Active Listening Tools (allowing students to view instruments and cultural settings while they listen to musical excerpts) further enhance listening and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Familiar with some aspects of managing Workflow, but not with others? This title lets you pick the sections or chapters that are most relevant to you; focus on the provided conceptual explanations, technical instructions, or both. It includes topics such as configuration, administration and troubleshooting, design, and enhancement.

An essential masterwork from Chinese literary giant Lu Yao--winner of the Mao Dun Literature Prize--available for the first time in English. Lu Yao published only two novels before his untimely death--but their extraordinary influence catapulted the author to the top tier of Chinese contemporary fiction, establishing him as one of the most widely read and respected figures in Chinese literature. In this first-ever translation of Lu Yao's Life, we meet Gao Jialin, a stubborn, idealistic, and ambitious young man from a small country village whose life is upended when corrupt local politics cost him his beloved job as a schoolteacher, prompting him to reject rural life and try to make it in the big city. Against the vivid, gritty backdrop of 1980s China, Lu Yao traces the proud and passionate Gao Jialin's difficult path to professional, romantic, and personal fulfillment--or at least hard-won acceptance. With the emotional acuity and narrative mastery that secured his reputation as one of China's great novelists, Lu Yao paints a vivid, emotional, and unsparing portrait of contemporary Chinese life, seen through the eyes of a working-class man who refuses to be broken.

Maki is looking to become the greatest mercenary the universe has known. In true family tradition, he leaves a trail of mayhem and bodies wherever he goes. steals the most priceless of items, ravishes females left and right. But that all ends the day he comes across the biggest prize of all — a human barbarian. Fooled into thinking her a priceless virgin and captivated by her pale skinned, two-breasted frame, he abducts her, or at least means to. His plan goes somewhat awry. The not-so-innocent human becomes his partner in crime instead of his prisoner, and together they form an unstoppable duo. Tales of their misdeeds and budding passion become a universal sensation, but there's no room in a mercenary's life for a mate. Or is there? For the first time in his life, the Mercenary's Guide to Prosperity doesn't have an answer to Maki's questions, and there's no visible threat for him to kill. What's a poor, purple mercenary to do? Admit he's in love — or ditch the delectable human?

• Explore practical exercises for programming in SAP Business Workflow • Utilize step-by-step instructions for adapting data flows, agent determination, event definitions, and more • Learn from examples, problem solutions, and tips and tricks for daily practiceABAP developers require special programming skills for workflow-related ABAP development, as well as very specific process knowledge. With this book, you will acquire both! You'll learn the aspects of the tools that are directly related to the developer's tasks, understanding when it is necessary to use custom code and how to write this code. In the many activities and tutorials this book provides, you'll discover how your work differs from the workflow engine of classic application development, as well as how to influence the behavior of a workflow with its own ABAP programs. Additionally, you'll learn how to customize the workflow environment beyond standard programming.

This book is a must read for anyone deploying BusinessObjects. It covers everything from planning your upgrade to the latest release, to best practices in universe design, and powerful report creation that maximizes business insight. This book covers the most frequently used features for the full BI suite, in one comprehensive book. There's in depth coverage of Designer, security via the Central Management Console, InfoView, Web Intelligence, and Desktop Intelligence. It goes beyond step-by-step instructions to cover how and why in a business context. Transition notes are interspersed for version 5 and 6 customers to understand the biggest changes in XI Release 2. If you drive BI requirements in your company or are a data warehouse program manager, Business Objects administrator, report author or consumer, this book is for you.

The Traditional Bowyer's Bible is a remarkably in-depth analysis of the wooden bow from its construction to its correct use by leading experts in the field. The emphasis here is on the history of these weapons and methods for building them from scratch, just as they were made before the advent of firearms.Invaluable information for anyone interested in the age-old lure of archery.
