The Maternity and Pediatric Nursing book by Ricci, Kyle and Carman is a very informative book that includes comprehensive and straightforward concepts on the health of women and children. All 53 chapters of the book tackles the normal expectations in pregnancy and n the growth and development of children. It also discusses challenges faced during pregnancy until the post-partum period as well as health issues of children from the womb to adolescence. Every chapter of the book provides a strong knowledge base that will immensely help soon-to-be nurses pass critical exams. For student nurses and those who are preparing to take NCLEX, to study a 2000-page book is surely a daunting task, especially if this book comprises only a small part of a study plan. The amount of information therein is massive, and memorizing facts and critical thinking through the application of concepts would be a big challenge, and overcoming this challenge is pertinent to the success of taking nursing exams, especially the NCLEX. The review questions that come after every chapter effectively test the student's application ability. However it is unlikely for the nursing instructors and Nursing boards to use the same questions to test the ability of the students. With the massive amount of information provided on the text book, how would a student nurse determine which concepts to focus on? The test bank we offer is streamlined to include important concepts to review, which would help you gain control of your study plan by providing you concepts which nursing instructors and board examiners are likely to include in the examinations. The test questions are carefully developed according to NCSBN's guidelines on question development. How effective is this test bank in providing the help you need? The effectiveness and quality of this test bank is ensured because those who contributed to the making of the questions and rationales are nurse educators themselves who are experts in their fields. If you want to enhance your knowledge, application and critical thinking skills further, and if you want to pass your exams, especially the NCLEX, this test bank is the best option for you!

Designed to accompany Carol J. Buck's ICD-10-CM Online Training Modules, Transitioning to ICD-10-CM Coding makes it easy to learn ICD-10-CM coding and prepare for the AAPC's ICD-10 certification exam. The book provides a step-by-step guide to coding rules and concepts, while the Online Training Modules provide practice with realistic coding exercises. After you've read the chapters in the book and completed the online modules, you will be ready to take a practice exam simulating the 75-question AAPC ICD-10 exam (also located in the Online Training Modules). Best of all, you can use this integrated course of study to earn continuing education credits! CEUs from AAPC and AHIMA may be earned when the book is used with ICD-10-CM Online Training Modules. A step-by-step approach makes it easier to learn and remember important information. A practice exam at the beginning of the online modules measures your familiarity with ICD-10-CM coding. A 75-question mock exam for the AAPC ICD-10 certification exam follows in the online modules. Complete coverage of the new ICD-10-CM code set includes practice activities at the end of each chapter and assigned exercises in the online modules. Online module exercises, Quick Checks, and Toolbox features reinforce the coding rules and concepts, reflect the book's step-by-step organization, and enhance your comprehension. Real-life coding reports simulate the reports that coders encounter on the job and challenge you to apply important coding principles to actual cases from the field. From the Trenches and Caution! boxes provide important tips and helpful advice that will be useful when you are working in the field. Official Guidelines for Coding and Reporting boxes include excerpts of actual coding guidelines, each accompanied by in-text explanations.

The most comprehensive guide to the Series 7 exam in the marketplace includes a self-directed study guide with all the most essential information to becoming a stockbroker. Areas covered include: Stocks, Debt Securities, Investment Banking, Securities Markets, Taxes, Securities Analysis, Self-Regulatory Organizations (SRO's), Mutual Funds and Investment Companies, Annuities, Margin, Options, Money Market Instruments, Direct Participation Programs and Municipal Securities. There is no prerequisite exam for the FINRA Series 7, however, test takers will be required to take the Series 63 or Series 66 as co-requisite exams. The Series 7 exam is made up of 260 multiple-choice questions of which 10 are experimental. Each student will be given a total of 6 hours for the exam (3 hours for each half). A grade of 72 is considered passing. This book includes multiple practice exams to help test takers improve their scores. The General Securities Representative Examination (Series 7) is an entry-level examination that qualifies the individual for registration with all self-regulatory organizations to trade, promote, and sell: Public offerings and/or private placements of corporate securities (stocks and bonds) rights warrants mutual funds money market funds unit investment trusts REITS asset-backed securities mortgage-backed securities options options on mortgage-backed securities municipal securities government securities repos and certificates of accrual on government securities direct participation programs securities traders venture capital ETFs hedge funds

The go-to guide to acing the Series 9 Exam! Passing the General Securities Sales Supervisor Qualification Exam (Series 9 and 10) qualifies an individual to supervise a firm's sales activities in corporate, municipal, and option securities; investment company products; variable contracts; and direct participation programs. The exam covers the full range of topics related to options regulation. All candidates must have passed the Series 7 prior to taking the Series 9. Created by the experts at The Securities Institute of America, Inc., Wiley Series 9 Exam Review 2014 arms you with everything you need to pass this ninety-minute, 55-question test. Designed to help you build and fine-tune your knowledge of all areas covered in the exam and to guarantee that you're prepared mentally and strategically to take the test, it provides: Dozens of examples Assorted practice questions for each subject area covered in the exam Priceless test-taking tips and strategies Helpful hints on how to study for the test, manage stress, and stay focused Wiley Series 9 Exam Review 2014 is your ticket to passing the Series 9 test on the first try—with flying colors!

The College Instructor's Guide to Writing Test Items: Measuring Student Learning addresses the need for direct and clear guidance on item writing for assessing broad ranges of content in many fields. By focusing on multiple-choice response items, this book provides college instructors the tools to understand, develop, and use assessment activities in classrooms in a way that consistently supports learning. Including dozens of example items and additional resources to support the item development process, this volume is unique in its practical-focus, and is essential reading for instructors and soon-to-be educators, professional development specialists, and higher education researchers. As teaching, assessment, and learning are inherently intertwined, The College Instructor's Guide to Writing Test Items both facilitates the development of instructors' own practice and improves the learning outcomes and success of students.

The go-to guide for the Series 3, with practice, examples, strategies, and more Wiley Series 3 Exam Review 2015 + Test Bank is a comprehensive study guide for the FINRA Series 3 exam, which qualifies candidates to sell commodities or futures contracts. Created by the experts at The Securities Institute of America, Inc., this useful guide provides the information and practice you need to ace the exam. The book is designed to help you build and fine-tune your knowledge of each subject area covered, giving you the confidence you need to perform at your best. Work through review questions, study examples, and develop a strategy for the exam itself. You'll even find guidance toward effective studying methods that allow you to enter the exam fully mentally prepared. The National Commodities Futures Examination (Series 3) tests your knowledge of rules and statutes applicable to the markets. This intense two and a half hour test is a must for aspiring financial professionals, as passing means registration to conduct business in commodity futures and options. This book provides a valuable opportunity to test your knowledge and bring weak areas up to par, with complete coverage of exam topics. Review practice questions taken from each subject area covered by the exam Study hundreds of examples to clarify complex concepts and techniques Gain insight into the best strategies and tips for taking the Series 3 Develop an effective study plan to stay focused and keep stress to a minimum Although the exam is entry-level, the stakes are high and the subject matter is complex. Don't muddle through it alone and assume you're prepared - this guide helps you be sure. For the Series 3 candidate serious about success, Wiley Series 3 Exam Review 2015 is your ticket to passing with flying colors - the first time.

The go-to guide to acing the Series 4 Exam! The Registered Options Principal Qualification Examination (Series 4) was designed to test a candidate's knowledge of the rules and statutory provisions applicable to the supervisory management of a firm's options personnel and options accounts. After passing the exam, a registered person may supervise a FINRA member firm's options business and is qualified to oversee trades on all forms of options, from equity options to foreign currency options to options on government and mortgage-backed securities. The subject areas covered in the exam are: Options Investment Strategies; Supervision of Sales Activities and Trading Practices; Supervision of Employees, Business Conduct; and Recordkeeping and Reporting Requirements. Created by the experts at the Securities Institute of America, Inc., Wiley Series 4 Exam Review 2019 arms you with what you need to score high on the test. Designed to let you build and fine-tune your knowledge of all areas covered in the exam and to guarantee that you're prepared mentally and strategically to take the test, it provides: Dozens of examples Assorted practice questions for each subject area covered in the exam Priceless test-taking tips and strategies Helpful hints on how to study for the test, manage stress, and stay focused Wiley Series 4 Exam Review 2019 is your ticket to passing the Series 4 test on the first try—with flying colors!
