reflect the numerous and profound changes as a result of Australia adopting the International Accounting Standards. The new edition of this text succinctly documents the recent changes to accounting standards, particularly in disclosures in income statements and balance sheets, accounting for income tax and revaluation and impairment of non-current assets. The text is designed to provide students with a comprehensive and practical grounding in the practice of company accounting, under the new International procedures, whilst providing essential information on why and how company accounting entries and disclosures are made.

The Twelfth Edition of Advanced Financial Accounting is an up-to-date, comprehensive, and highly illustrated four-color presentation of the accounting and reporting principles and procedures used in a

variety of business entities. Every day, the business press carries stories about the complexities of modern business entities, and students must know how to deal with the accounting and reporting ramifications of issues such as:

- mergers and acquisitions
- new organizational structures
- accounting scandals related to complex transactions
- foreign activities of multinational firms
- operations of governmental and not-for-profit entities
- bankruptcies of major firms
- and more!

This edition continues to provide strong coverage of Advanced Accounting topics with clarity of presentation and integrated coverage based on continuous case examples. The text is complete with presentations of worksheets, schedules, and financial statements so students can see the development of each topic. Inclusion of recent FASB and GAAP pronouncements - and focus on the continuing deliberations of the
