The reason is that ozone is a highly active form of oxygen, and nothing stimulates the healing powers of the body more than oxygen. Dr. Frank Shallenberger is the president of the American Academy of Ozone Therapy ([www.aaot.us](http://www.aaot.us)). He is also the godfather of ozone therapy in the United States. He has published the only book on ozone therapy for medical professionals in the United States, *The Principles and Applications of Ozone Therapy*, as well as several other books describing how oxygen heals. *The Ozone Miracle* is written for you, the proactive health consumer. It describes the remarkable 200 year-old history of ozone therapy that includes such important scientific luminaries such as Nikola Tesla and Werner von Siemens. It also describes the science behind ozone therapy.
