Life After Death: The Evidence - Dinesh D'Souza
Dinesh D'Souza, the bestselling author of What's So Great about Christianity, offers an illuminating discussion of the most universal belief in all religions: that of a life beyond this one. Unlike many books about the afterlife, Life after Death makes no appeal to religious faith, divine revelation, or sacred texts to make it's case. Drawing on some of the most powerful theories and trends in ...

It is always a pleasure to read works by Dinesh D Souza, and Life After Death is no exception. The author guides the reader gently through the thickets of philosophy, physics, and brain science toward his stunning conclusion that is made to seem entirely reasonable—because it IS reasonable. --DANIEL ROBINSON, philosophy faculty, Oxford University A delightfully readable book on a subject of ...

Life After Death: The Evidence eBook: D'Souza, Dinesh ...
In "Life After Death," Dinesh D'Souza says he can't present a case for the afterlife beyond all reasonable doubt (the standard in a criminal case), but can demonstrate that the preponderance of the evidence supports it (the standard in a civil case).

Life After Death: The Evidence by Dinesh D'Souza
Reza Aslan, writer and scholar of religious studies, threatened conservative author and filmmaker Dinesh D'Souza after Senate Republicans confirmed Judge Amy Coney Barrett to a seat on the Supreme Court on Monday evening. D'Souza tweeted a screenshot of Aslan's tweet after the death of Justice Ruth Bader Ginsburg that said, "If they even TRY to replace RBG we burn the entire frcking ...

Dinesh Joseph D'Souza (/ dʒiːnɛʃ dɑːʒuːʒə /; born April 25, 1961) is an Indian-born American author, filmmaker, and conspiracy theorist, often described as a far right political provocateur. Born in Bombay, D'Souza moved to the United States as an exchange student and graduated from Dartmouth College.

Dinesh D'Souza - Wikipedia
Even after Dixie Brubaker and D'Souza parted ways, she stood for her ex-spouse when he was pleaded guilty in 2014 after violating federal campaign laws. As reported, she wrote a letter to the U.S. District Judge Richard M. Berman. Though the couple isn't together now, they are always there for one another whenever they required.

Dixie Brubaker and Dinesh D'Souza Divorced after 20 years ...
Dinesh D'Souza was married to Dixie Brubaker in 1992. Back in October of 2012, he had checked in a hotel with another woman. Later he concealed it by saying he had already separated with his wife and engaged to Denise Odie Joseph although he had a wife at that time. Hence, D'Souza divorced with Dixie Brubaker.

Dinesh D'Souza Bio - Affair, Married, Wife, Net Worth ...
I purchased this 269 page hardcover volume (Life after death: the evidence by Dinesh D'Souza) on Amazon for a bargain price. Though I do take issue with his dogmatic "die hard Christian" opinions in the end chapters; nevertheless, this is a book which will make you think differently about the possibility of actually living again when you die. The author's approach in this book covers ...

Drawing on some of the most powerful theories and trends in physics, biology, philosophy, and psychology, D'Souza concludes that belief in life after deathoffers depth and significance to this life.

Unlike many books about the afterlife, Life after Death makes no appeal to religious faith, divine revelation, or sacred texts. Drawing on some of the most powerful theories and trends in physics, evolutionary biology, science, philosophy, and psychology, D'Souza shows why the atheist critique of immortality is irrational. It is not only reasonable to believe in life after death; it is also beneficial. Such a belief gives depth and significance to this life, a path to happiness, and reason for hope.

FIRM STREET DATE = NOVEMBER 4, 2008. STORES MUST NOT HAVE THIS TITLE ON DISPLAY BEFORE 11/4/08 A low-cost softcover that is perfect to give to seeking friends and neighbors to explain why an intelligent, college-educated person can believe in Christianity.Is Christianity true? Can educated, thinking people really believe the Bible? Or, do the athiests have it right? Has Christianity been disproved by science and discredited as a guide to morality?Best-selling author Dinesh D'Souza (What's So Great About America) approaches Christianity with a skeptical eye, but treats the skeptics with equal skepticism. The result is a book that will challenge the assumptions of doubters and affirm that there really is, indeed, something great about Christianity.

With What's So Great About America, Dinesh D'Souza is not asking a question, but making a statement. The former White House policy analyst and bestselling author argues that in the aftermath of September 11, 2001, American ideals and patriotism should not be things we shy away from. Instead he offers the grounds for a solid, well-considered pride in the Western pillars of "science, democracy and capitalism," while deconstructing arguments from both the political Left and political Right. As an "outsider" from India who has had amazing success in the United States, D'Souza defends not an idealized America, but America as it really is, and measures America not against an utopian ideal, but against the rest of the world in a provocative, challenging, and personal book.

Examines the issue of human suffering and explores why a good God allows it.

From THE ENEMY AT HOME: "In this book I make a claim that will seem startling at the outset. The cultural left in this country is responsible for causing 9/11. ... In faulting the cultural left, I am not making the absurd accusation that this group blew up the World Trade Center and the Pentagon. I am saying that the cultural left and its allies in Congress, the media, Hollywood, the nonprofit sector, and the universities are the primary cause of the volcano of anger toward America that is erupting from the Islamic world. The Muslims who carried out the 9/11 attacks were the product of this visceral rage—some of it based on legitimate concerns, some of it based on wrongful prejudice, but all of it fueled and encouraged by the cultural left. Thus without the cultural left, 9/11 would not have happened. "I realize that this is a strong charge, one that no one has made before. But it is a neglected aspect of the 9/11 debate, and it is critical to understanding the current controversy over the 'war against terrorism ' ... I intend to show that the left has actively fostered the intense hatred of America that has led to numerous attacks such as 9/11. If I am right, then no war against terrorism can be effectively fought using the left-wing premises that are now accepted doctrine among mainstream liberals and Democrats." Whenever Muslims charge that the war on terror is really a war against Islam, Americans hasten to assure them they are wrong. Yet as Dinesh D'Souza argues in this powerful and timely polemic, there really is a war against Islam. Only this war is not being waged by Christian conservatives bent on a moral crusade to impose democracy abroad but by the American cultural left, which for years has been vigorously exporting its domestic war against religion and traditional morality to the rest of the world. D'Souza contends that the cultural left is responsible for 9/11 in two ways: by fostering a decadent and depraved American culture that angers and repulses other societies—especially traditional and religious ones— and by promoting, at home and abroad, an anti-American attitude that blames America for all the problems of the world. Islamic anti-Americanism is not merely a reaction to U.S. foreign policy but is also rooted in a revulsion against what Muslims perceive to be the atheism and moral depravity of American popular culture. Muslims and other traditional people around the world allege that secular American values are being imposed on their societies and that these values undermine religious belief, weaken the traditional family, and corrupt the innocence of children. But it is not "America" that is doing this to them, it is the American cultural left. What traditional societies consider repulsive and immoral, the cultural left considers progressive and liberating. Taking issue with those on the right who speak of a "clash of civilizations," D'Souza argues that the war on terror is really a war for the hearts and minds of traditional Muslims—and traditional peoples everywhere. The only way to win the struggle with radical Islam is to convince traditional Muslims that America is on their side. We are accustomed to thinking of the war on terror and the culture war as two distinct and separate struggles. D'Souza shows that they are really one and the same. Conservatives must recognize that the left is now allied with the Islamic radicals in a combined effort to defeat Bush's war on terror. A whole new strategy is therefore needed to fight both wars. "In order to defeat the Islamic radicals abroad," D'Souza writes, "we must defeat the enemy at home."

Critics of President Obama have attacked him as a socialist, an African-American radical, a big government liberal. But somehow the critics have failed to reveal what's truly driving Barack Obama. Now bestselling author Dinesh D'Souza throws out these misplaced attacks in his new book, The Roots of Obama's Rage. The reason, explains D'Souza, that Obama appears to be working to destroy America from within is found, as Obama himself admits, in "The Dreams of His Father": a deeply-hostile anti-colonialism. Instilled in him by his father, this worldviev has led President Obama to resent America and everything for which we stand. Viewing Obama through this anti-colonialism prism and drawing evidence from President Obama's own life and writings, D'Souza masterfully shows how Obama is working to weaken and punish America here and abroad.

Presents the author's definition of racism, arguing that it is a cultural phenomenon specific to Western regions and tracing its history while evaluating its potential to end

Dinesh D'Souza rose to national prominence as one of the founders of the Dartmouth Review, a leading voice in the rebirth of conservative politics on college campuses in the 1980s He fired the first popular shot against political correctness with his best-selling exposé Illiberal Education. Now, after serving as a Reagan White House staffer, the managing editor of Policy Review, and a scholar at the American Enterprise Institute and the Hoover Institution, he addresses the next generation in Letters to a Young Conservative. Drawing on his own colorful experiences, both within the conservative world and while skirmishing with the left, D'Souza aims to enlighten and inspire young conservatives and give them weapons for the intellectual battles that they face in high school, college, and everyday life. Letters to a Young Conservative also illuminates the enduring themes that for D'Souza anchor the conservative position: not "family values" or patriotism, but a philosophy based on natural rights and a belief in universal moral truths.With a light touch, D'Souza shows that conservatism needn't be stodgy or defensive, even though it is based on preserving the status quo. To the contrary, when a conservative has to expose basic liberal assumptions to scrutiny, he or she must become a kind of imaginative, fun-loving, forward-looking guerrilla—philosophically conservative but temperamentally radical.Among the topics Dinesh D'Souza covers in Letters to a Young Conservative: Fighting Political CorrectnessAuthentic vs. Bogus MulticulturalismWhy Government Is the ProblemWhen the Rich Get RicherHow Affirmative Action Hurts BlacksThe Feminist MistakeAll the News That FitsHow to Harpoon a LiberalThe Self-Esteem HoaxA Republican Realignment?Why Conservatives Should Be Cheerful

The New York Times, USA Today, Publishers Weekly, and Wall Street Journal Bestseller For those who witnessed the global collapse of socialism, its resurrection in the twenty-first century comes as a surprise, even a shock. How can socialism work now when it has never worked before? In this pathbreaking book, bestselling author Dinesh D'Souza argues that the socialism advanced today by the likes of Alexandria Ocasio-Cortez, Bernie Sanders, Ilhan Omar and Elizabeth Warren is very different from the socialism of Lenin, Mao and Castro. It is "identity socialism," a marriage between classic socialism and identity politics. Today's socialists claim to model themselves not on Mao's Great Leap Forward or even Venezuelan socialism but rather on the "socialism that works" in Scandinavian countries like Norway and Sweden. This is the new face of socialism that D'Souza confronts and decisively refutes with his trademark incisiveness, wit and originality. He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race, gender and sexual orientation. He reveals how it uses the Venezuelan, not the Scandinavian, formula. D'Souza chillingly documents the full range of lawless, gangster, and authoritarian tendencies that they have adopted. United States of Socialism is an informative, provocative and thrilling exposé not merely of the ideas but also the tactics of the socialist Left. In making the moral case for entrepreneurs and the free market, the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism. He shows how we can help Trump defeat the socialist menace.
