Nolan is a robot, created by a lonely electronics expert, John, to run his home, cook and do the ironing. But Nolan is not content; he wants to be human. When he realizes that this is not possible, he turns against John, who finds there is no escape from his malevolence. Paperback-only version. Also available with Audio CD with complete text recordings from the book.

Morpheus knew before all of us did. He knew the reality we created for ourselves is a lie. We are being used. We are the cogs in someone else's plan. Well, friends, I'm here to tell you that your SALARY or hourly rate is the BRIBE they give you to forget your dreams. Are you going to keep sleeping? Are you going to take a different path that freaks you the fuck out? The time to decide is right now. I don't need to tell you the world is falling apart but, do you see what a virus is doing to us humans? Do you know the way each country responds? Do you have toilet paper? I am in no way making an argument for mutiny. I love my country. I wouldn't want to live anywhere else except on a beach with a fishing rod and a never-ending drink, but that's another story. My goal is to open one of your eyes to investing. Hopefully, you will open the other eye! Then maybe with two eyes open, you can create your path. What does this mean for investing? Simple, what goes up must come down. If you are juggling flaming knives, when one is tossed up, another is aimed at you. Now, picture a trusted friend helping you with these flaming knives. Their job is to catch the knives and toss them in cold water to put out the flame. As it turns out, you can do this same thing with flaming stocks and their icy, bitter twins. These types of stocks are played against each other. When one is up, the other is down. Play the downturn loser, not the winner. Why buy the inverse stock that is running up? You probably think it is a done deal. Buy the winner hitting 15% today! Hold till tomorrow..... BUST. Often new traders have timing issues that cause them to enter into a position that suddenly drops after purchase. Instead, watch the inverse stock fall off the face of a cliff. Wait until the RSI is dirty low before buying in. Wait some more on purchasing the inverse until you see the running up stock flip (aka turn red or decrease in gains). The inverse chart will begin to show green tickers on the one day one minute chart. DO NOT PLAY INVERSE ETF'S ON ANYTHING BUT A DAY TRADE. You will lose everything and be stuck bad holding a L O S E R for a long time. I've done this. Don't do this; it sucks watching a \$100 stock go to \$30. You can cut your losses and take it in the rear. Or bag hold for who knows how long. When investing, you want to wait for the potential purchase to show you its actual value. A Floridian will buy shrimp off of some dude's pickup truck but, we won't dangle our feet off a dock because we know the hidden dangers under the water. Just as in investing, there are dangers you can

only see when you truly take the time to look. Or you learn first hand when you get bit in the ass by a stock you had no business buying without a clear cut plan of entry and exit. You must learn to see the stocks for what they are—a shell game.

Money spells don't necessarily have the best reputation - quite wrongly. Why not live in abundance? There are a lot of classical methods to get money - from Jupiter talisman to sigil magic. This also works reasonably well. However, you can also be more thorough and explore why you have had too little money so far - for this you can use the horoscope, knowledge of the chakras and some other things. If by improved self-knowledge regarding money there are no more "Yes, but ..." wishes, but instead "Yes, gladly!" wishes, one's own money magic will also become more effective. But one can do it still another step more thoroughly: One can look at the own relationship to the abundance altogether and see whether something in one's own life is no longer in the center: Has the fire become polarized to power and powerlessness? The water to renunciation and gluttony? The air to lies and bossiness? The earth to poverty and gluttony? If one can dissolve these polarized extremes, truth, power, love and flourishing will again come into one's life. But even this is not the real foundation of the money theme: There is the possibility to live in trust to the world and in responsibility for the world and to connect with the world through a constantly working magic, so that abundance can flow at any time.
