An adoption agreement form needs to be signed by the child's current parents or guardians and, if the child is over age 12, the child must agree to the adoption. California requires an Indian Child Inquiry form, stating that the child is or isn't of Indian descent. If the child is of Indian descent, an additional form needs to be submitted.

If you are researching a California adoption, this is a must read book. This book could have saved me more than 10 years investigating my own adoption. That is why I wrote the book. It simplifies adoption research. Regardless if you are an adopted child searching for birth parents or a birth parent searching for a child given up for adoption, this book makes it much easier. It is a road map to success in adoption research in California. Some of this information may work in other states. It works in California. I know that for sure.

Generations of adults who were adopted as children have been kept in the dark about their original identities. The law sealing birth records, passed in 1935 in California during the Great Depression, swept adoptions emotional complexities under the rug and made it possible to keep adoption itself a secret. Reflecting extensive archival research and written for general audiences as well as professionals, *Growing in the Dark: Adoption Secrecy and Its Consequences* takes you through Californias early adoption laws, the sealing of records in the era of baby seller Georgia Tann, and the various consequences of this policy as they unfolded throughout the 20th century. WHAT REVIEWERS HAVE SAID: "...articulate, easy to read, and filled with real facts concerning sealed records." - Jean Brown, adoptee "If you work or live with adoption, you cannot afford to skip this book. Everyone seeking to reverse outdated sealed records laws should also provide a copy of the slim paperback to their legislatures." - Mirah Riben, author "...full of fascinating information...you wont be able to put it down." - Anita Field, *Bastard Nation* "Janine Baer, who was adopted in California, focuses on the California law enacted in 1935 sealing original birth certificates. Contrary to the popular perception, the intent of this law was not to protect the privacy of birthmothers. Rather, these records were sealed to protect children from the stigma of illegitimacy, to protect adoptive parents from intrusions by birthparents, to allow adoptive parents to keep the childs adoptive status a secret, to create the illusion that the birthparents did not exist, and to prevent adoptees from finding their birthfamilies. ...This is an excellent book for birthparents, adoptees, and adoptive parents who want to know how we got to where we are." - Jane Edwards, Portland, Oregon "Growing in the Dark, by virtue of its modest length and accessibility, can be used to educate people both within and outside of the adoption reform movement about the effects of sealed records and the faulty premises used to support them." - Barbara Busharis, American Adoption Congress "Decree" "Extensive notes and bibliographic information make it an excellent resource for those arguing for open records." - Sandra Falconer Pace, Canadian Council of Natural Mothers Note on price: Nonprofit organizations and resellers get 40% off. Call Xlibris for these orders: 1-888-795-4274.

"Powerful... Tells a singular story to illuminate a universal truth."--The New York Times Book Review The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. American Baby lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of young women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. American Baby illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

A workbook to be used by open adoption parents and their preschool and elementary school-aged adoptees.

Adoption Affirmations provides you positive thoughts to say to yourself for each part of your adoption journey and even some for your loved ones to say. You will also find a few tender thoughts that your child-to-be may say to you someday. There are nearly 80 affirmations in all to help you remain

Read Book Do Your Own California Adoption Nolos Guide For Stepparents And Domestic Partners

hopeful, confront your fears with grace, feel in control during the highs and lows, and increase your joy. Adoption Affirmations is unique in that it is also a flipbook of a growing tree to provide you visual inspiration. As your hope grows, so too does the realization of your own family tree. I wish Adoption Affirmations was around years ago when I went through the adoption process. The book is a wonderful resource. May it inspire you to adopt, especially since there are so many children of all ages out there who need you. Jean Forsythe, One of California's First Single Women to Adopt a Child Adoption Affirmations is a beautiful and profoundly comforting book, which will be a treasured companion during the adoption journey. Semmelman and Biers have written an inspirational and indispensable guide which will help keep your heart open on your path to finding the child that was meant for you. Robin Berman, MD, Associate Professor of Psychiatry at UCLA, and Author of Permission to Parent Adoption Affirmations is more than a book, it is a heartfelt tool to refer to often for every person wanting to adopt a child. It will encourage you to persevere with a heart of hope and compassion as you become an incredible blessing to children through adoption. Reggie Doss (NFL Legend) & Tamara Doss (Radio Show Host), Adoptive Parents Adoption Affirmations is a landmark book for anyone considering adoption. The book's understanding between the mind, emotions, and self-talk is insightful and significant. The book is based on personal experiences and serves as a practical handbook for adoption. I highly recommend it. Dr. Marvin Marshall, Former Elementary, Middle, and High School Principal, and Author of Parenting Without Stress: How to Raise Responsible Kids While Keeping a Life of Your Own Adopting Parents everywhere will be encouraged by these morsels of adoption wisdom. Adoption Affirmations infuses HOPE into the oft-times challenging journey of adoption and helps make sense of the roller-coaster emotions adoptive parents often experience along the way. These authors know their subject matter firsthand and offer incredible insight to their readers. Celeste Liversidge, Family Law Attorney

Whether you just found out about an unplanned pregnancy or have been considering adoption as an option for some time - you are not alone. Take the time to consider your choices and come to the best decision for you, your child and your situation. Women from all backgrounds, in many different situations have chosen adoption. Tell me again about the night I was born . . . Tell me again how you would adopt me and be my parents... Tell me again about the first time you held me in your arms . . . In asking her mother and father to tell her again about the night of her birth, a young girl shows that it is a cherished tale she knows by heart. Jamie Lee Curtis and Laura Cornell come together once again to create a unique celebration of the love and joy a baby brings into the world. Tell Me Again About the Night I Was Born is a heartwarming story, not only of how one child is born but of how a family is born.

For those praying about building a family through adoption, this easy-to-read, straight-forward guide is a valuable insight. Called to Adoption offers tips, and up-to-date, relevant information every parent considering adoption should know. Readers will identify with author Mardie Caldwell's personal and professional experiences, making this resource a vital handbook as parents take steps to adopt. This book allows hopeful adoptive parents to discover: -The single most important decision to make before beginning any path to adoption. -How to select the right adoption professional. -Creative ideas to fund your adoption. -The proven formula for adoption success. -The shocking need for Christian Adoption. -Encouragement from God's word throughout the adoption process. -How to quickly get started toward adoption. Called to Adoption also outlines the differences between types of adoption and offers step-by-step guidance to adopt safely and successfully. Featuring stories from Caldwell's own adoption experience, as well as from other adoptive parents, this book will prepare adopting parents for the logistic and emotional sides of adoption. This book is recommended for Christians interested in becoming adoptive parents, or who may support those facing an adoption journey, as well as for those who want to understand the need for Christian adoption. As founder and CEO of Lifetime Adoption Center, Caldwell has assisted thousands of families find answers to questions regarding the decision to adopt. This book also includes a special section for families considering the decision about moving from fertility treatments to adoption.
