Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn 't just a " good idea " when it comes to creating a BDSM relationship. It is essential. "Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive 's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to " get in the same rhythm " and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

Have you ever wondered what it would be like to be a dominant woman who can control a man with just a look or a word? When the thoughts of being in control creep into your head, that sexy little smile starts to play over your lips, and you start to get some ideas that you want to try on your man. As women, we have all been there, but being women, many of us are unable to take hold of our control and dominate a man. The idea of being a dominatrix is often seen as a sexual and social taboo, and many women are afraid of what society would say, what our family and friends would think, and in general, we feel that it isn't the position of a woman to take the stance of power and control. Women are seen naturally as the weaker sex, the one to be protected by a man, and the man in the relationship is often seen to be in control, the leader, the strong and dominant one. Social norms often dictate how we feel about ourselves, and sometimes, it can hinder who we really are inside. Take heed, ladies. We are women. We are strong. We are powerful. We are fierce. We are romantic. We are dynamic. We are caring. We are fighters. We are lovers. We are women! This manual will give you an inside look on what being a Mistress is really all about and will give you insight on how to be a Mistress. Being a Mistress isn't all about leather outfits, stiletto heels, and a whip in your hand. It is a journey between you and your partner, where you are the leader, you are in control, and you have the final say. It is a path of adventure where you make the choices, you take charge, and where you can let all of your inhibitions go. It will give you insight into a new you, the one who has been trapped behind the social norms for far too long. Ladies, welcome your inner Mistress!

A different, and important, take on the common "How to train your Submissive" BDSM books. Are you an unsatisfied Submissive? Do you want more out of your BDSM relationship? Is your Dominant misbehaving? Do you want to enter into the realm of sexual Submission and do you want to know how to get the most out of it? You've come to the right place!BDSM is a common occurrence that is practiced by millions of people under different parameters. Many people are first introduced to the concept of BDSM, kinks and fetishes through films, television or social media. This often leads people to having a skewed understanding of the lifestyle, BDSM community and BDSM practices. Many people believe that BDSM is in someway perverted or outside the realms of 'normal' adult sexual activity. This is not the case however as BDSM can take many different forms. The media often portrays BDSM practitioners as untrustworthy and abusive - this could not be further from the truth. The media portrayal of BDSM often leads people to feel ashamed which leads them to not pursue their BDSM desires. It is perfectly normal and healthy to want to be a Dominant or a Submissive within a BDSM relationship. It is commonly believed that the relationship between a Submissive and their Dominant has elements of nonconsensual action and that the Submissive will be, constantly or occasionally, forced to act out sexual scenarios and sexually behave in ways they do not desire. It is commonly believed that the Submissive has no power in the relationship and no say on how they are treated. This false idea will be challenged, explained and explored within this book. Within this book you will find a brief overview of what BDSM actually is and how you can apply it into your relationships. This book also aims to shine a light on many of the common misconceptions held about BDSM, Submissives and Dominants. "BDSM: How To Train Your Dominant: A Submissive's Guide To Training Their Dom Without Ruining The Power Dynamic Of Their BDSM Relationship," by Maxwell Diamond is an essential gift for any Submissive wanting to take their BDSM relationship to the next level.
