A comprehensive guide to effective strategic management of health care organizations.

Strategic Management of Health Care

Organizations provides essential guidance for leading health care organizations through strategic management. This structured

approach to strategic management examines the processes of strategic thinking, consensus

building and documentation of that thinking into a strategic plan, and creating and

maintaining strategic momentum - all essential for coping with the rapidly

evolving health care industry. Strategic Management of Health Care Organizations fully

Where To Download Effective Healthcare Supervisor 7th Edition

explains how strategic managers must become strategic thinkers with the ability to evaluate a changing industry, analyze data, question assumptions, and develop new ideas. The book guides readers through the strategic planning process demonstrating how to incorporate strategic thinking and create and document a clear and coherent plan of action. In addition, the all-important processes of creating and maintaining the strategic momentum of the organization are fully described. Finally, the text demonstrates how strategic managers in carrying out the strategic plan, must evaluate its success,

Where To Download Effective Healthcare Supervisor 7th Edition

learn more about what works, and incorporate new strategic thinking into operations and subsequent planning. This strategic management approach has become the de facto standard for health care management as leadership and strategic management are more critical than ever in coping with an industry in flux. This book provides health care management students as well as health care administrators with foundational guidance on strategic management concepts and practices, tailored to the unique needs of the health care industry. Included are a clear discussion of health services external

analysis, organizational internal analysis, the development of directional strategies, strategy alternative identification and evaluation, and the development and management of implementation strategies providing an informative and insightful resource for anyone in the field. This new eighth edition has been fully updated to reflect new insights into strategic thinking, new methods to conceptualize and document critical environmental issues, practical steps for carrying out each of the strategic management processes, industry and management essentials for strategic thinkers , and new

Where To Download Effective Healthcare Supervisor 7th Edition

case studies for applying the strategic management processes. More specifically, readers of this edition will be able to:

- Create a process for developing a strategic plan for a health care organization.
- Map and analyze external issues, trends, and events in the general environment, the health care system, and the service area.
- Conduct a comprehensive service area competitor analysis.
- Perform an internal analysis and determine the competitive advantages and competitive disadvantages.
- Develop directional strategies.
- Identify strategic alternatives and make rational strategic
