The Ramones - Hey Ho, Lets Go! Lyrics | MetroLyrics

Hey! Ho! Let's Go: The Anthology is a two-disc compilation that attempts to summarize the Ramones' career in its entirety. Every Ramones studio album is represented with the exception of Acid Eaters, their 1993 covers album. Some versions of this album include a hardcover 80 page booklet with liner notes by David Fricke and Danny Fields. Two songs are billed as being previously unissued song versions: "Rock 'n' Roll High School" and "I Want You Around" are the original Ed Stasium mixes for ...

Ramones – Blitzkrieg Bop Lyrics | Genius Lyrics

If the two discs of the anthology Hey Ho Let's Go! seem like hardly enough room to document a band with a quarter-century legacy, it's good to remember that the Ramones prided themselves on stripping every song they attempted to its elemental core, then halving it again with their patented buzz saw, double-stop tempo. The nearly five dozen tracks here, reaching from the early 1970s to the late 1990s, stand remarkably outside of time--just like true originals.

Hey Ho Let's Go - Anthology: Amazon.co.uk: Music

Ramones - Anthology Hey Ho Let's Go - Double CD Amazon.co.uk. Like most true originals, the Ramones embodied a dizzying array of contradictions. As punk godfathers, they became the archetype for a rebellious musical ethos that could often confuse the baby for the bath water, yet at heart they were 1960s pop- and bubblegum-worshipping reactionaries.

The Ramones DVD Rock 'n' Roll High School - Hey-Ho lets GO ...

Punk band The Ramones were famous for starting all their songs with the words “one-two-three-four”, right from their debut single Blitzkreig Bop, which then continued “Hey ho, let's go”. That came...

From their 1974 debut at New York's premier punk dive, through the classic albums and blistering live sets, The Ramones cut an unforgettable swathe through two decades of pop, setting the scene for punk and hardcore with honed-down songs and ferocious 20 minute sets, but always putting the music first. Seen through the eyes of the people who were there at the time, including musicians, managers, producers, publicists and New York punk scenesters, this book shows the heroic Ramones staying faithful to their own unique musical vision right to the bitter end. This updated edition now climaxes with the sad death of guitarist Johnny Ramone.

The “entertaining and enlightening” (Stephen King) final word on the genius and mischief of the Ramones, told by the man who created the beat behind their iconic music and lived to tell about it. When punk rock reared its spiky head in the early seventies, Marc Bell had the best seat in the house. Already a young veteran of the prototype American metal band Dust, Bell took residence in artistic, seedy Lower Manhattan, where he played drums in bands that would shape rock music for decades to come, including Wayne County, who

pioneered transsexual rock, and Richard Hell and the Voidoids, who directly inspired the entire early British punk scene. If punk had royalty, in 1978 Marc became part of it when he was knighted "Marky Ramone" by Johnny, Joey, and Dee Dee of the iconoclastic Ramones. The band of tough misfits were a natural fit for Marky, who dressed punk before there was punk, and who brought his "blitzkrieg" style of drumming as well as the studio and stage experience the band needed to solidify its lineup. Together, they changed the world. But Marky Ramone changed, too. The epic wear and tear of a dysfunctional group (and the Ramones were a step beyond dysfunction) endlessly crisscrossing the country and the world in an Econoline—practically a psychiatric ward on wheels—drove Marky from partying to alcoholism. When his life started to look more out of control than Dee Dee's, he knew he had a problem. Marky left music in the mid-eighties to enter recovery and eventually returned to help the Ramones finally receive their due as one of the greatest and most influential bands of all time. Covering in unflinching detail the cult film Rock 'N' Roll High School to "I Wanna Be Sedated" to Marky's own struggles, Punk Rock Blitzkrieg is an authentic and always honest look at the people who reinvented rock music, and not a moment too soon.

This musical mission to Mars will have young astronauts talking--and singing--about the science of space travel. Explore the science behind a trip to Mars, from launch to landing on the Red Planet. Set to the tune of "The Farmer in the Dell," this jaunty journey follows five adorable, bobble-headed astronauts as they learn how to bathe in zero gravity, grow veggies in space, and entertain themselves on the six-month trip. Even the design of the book defies gravity, as text and art float free on the page, encouraging readers to turn the book sideways and upside-down. An interactive, innovative approach to interstellar fun.

Raised in Queens, New York, Johnny Ramone founded one of the most influential rock bands of all time, but he never strayed from his blue-collar roots and attitude. He was truly imbued with the angry-young-man spirit that would characterize his persona both on and off stage. Through it all, Johnny kept the band focused and moving forward, ultimately securing their place in music history by inventing punk rock. The Ramones were inducted into the Rock and Roll Hall of Fame in 2002—two years later, Johnny died of cancer, having outlived two other founding members. Revealing, inspiring, and told on his own terms, this highly designed memoir also features Johnny's assessment of the Ramones' albums; a number of eccentric Top Ten lists; rare historical artifacts; and scores of personal and professional photos, many of which have never before been published. Praise for Commando: "Amazing book . . . dense and throbbing with character—enough to bring this departed New York icon barking back to life." —New York Daily News "Johnny's delightful, sadly posthumous autobiography, Commando, is just like its author—as punk as it gets." —Wall Street Journal "Ramone memoir reveals charming, grumpy punk icon." —Reuters "There's no grand confessional to end Commando, just a nod of gratitude toward family, friends, and fans. Its characteristic succinctness rings genuine." —Austin Chronicle

The authorized story of an American band who shaped the history of music for generations. Today's new music-makers are looking back at the bands that broke the ground, and the Ramones are it: the original high priests of punk, the stars of rock 'n roll high school, the royal avatars of rock, raunch, and rebellion. 60 photographs and illustrations.

The Ramones' music has influenced nearly every power pop, punk, alternative, and metal band. Monte A. Melnick served as The Ramones tour manager from their early New York club days in the '70s to their farewell gigs in 1996. He was the fifth Ramone and was there through the arrests, the ODs the fights, the break-ups, the make-ups, the girlfriends, the hotels and the binges. Filled with memorabilia including photographs and interviews collected along the way, this is his view of life on the road with the band as "babysitter to psychiatrist, booking agent to travel agent, paymaster to van driver."

Cosa c'è di più punk di una band che non è mai cambiata, perforando per decenni i timpani dei suoi ascoltatori con pezzi brucianti di tre minuti? A quarant'anni dalla nascita del punk, il primo disco dei Ramones lascia ancora stupefatti, fin da quell'«Hey! Ho! Let's Go!» con il quale si apre e che rappresenta il perfetto biglietto da visita di un album potente, denso di velocità e umorismo. Se il titolo della prima traccia, «Blitzkrieg Bop», con il suo richiamo inquietante alla guerra lampo scatenata dalla Germania durante il secondo conflitto mondiale, incuriosì testate del calibro di Time e Newsweek e alimentò una querelle sugli orientamenti politici del punk, per la stampa specializzata fu subito chiaro che i Ramones erano diversi da tutto ciò che era venuto prima, e molto più astuti di quanto sembrassero. La band elesse giacche di pelle, jeans strappati e un taglio di capelli provocatorio a marchio di fabbrica, cambiando la cultura popolare e l'immaginario giovanile, e trovando sostenitori in ogni ambito, da John Landis a Stephen King. Ancora oggi si discute su cosa sia stato il punk, su come sia iniziato e cosa volesse dire, se fosse intrinsecamente liberale o conservatore. Rombes affronta queste domande rifuggendo da vuote teorizzazioni e raccontando i Ramones non in quanto prototipi o grandi fondatori, ma semplicemente come gruppo, riportando il discorso sulle persone e sulla musica. E ci regala così il ritratto originale e appassionato di una band e di un'epoca che continuano ad affascinare, turbare e soprattutto divertirci alla follia.
