A critical discussion of Hillary Clinton's speaking fees, focusing on the corporations that paid the fees

Reflecting cultural, political, and technological changes, this detailed exploration of Canadian book publishing displays trends of the industry from the last 50 years. Against the backdrop of historical highlights, the book dives into modern events in book publishing, focusing on the explosion of national book publishing in the 1970s and detailing the sparring match between the industry and government during the 1970s through the 1990s. While industry and government policy both aimed at national survival in the face of globalization, the book documents how, beginning in the mid-1990s, Ontario established an emphasis on financial stability for the cultural sector accompanied by stimulants to encourage participation in domestic and international markets. This new vision laid the foundation for and anticipated the growing recognition of the creative economy worldwide. Coinciding with that recognition came an embrace of technology not just as a business catalyst, but also as a transformative medium for expression with the potential to change the nature of both book publishing and human understanding. Finally, the text concludes with a discourse on the future of books and book publishing, not only in Canada but in the world as a whole.

"A guide to the massively popular fantasy RPG livestream offers previously unreleased photos and artwork, sharing cast insights into its origins and storylines as well as the diverse array of art and cosplay that Critical Role inspires."--Provided by publisher.

The Global eBook Report documents and analyses how ebook markets emerge in the US, UK, continental Europe, Brazil, China, India, Russia, and the Arab world. It combines the best available data and references to specialized local actors, with thematic chapters, focusing on critical policy debates and on key driving forces, notably ebook bestsellers and pricing strategies across European markets, self-publishing, government regulation, piracy, and the expanding impact of global players. The Global eBook Report is available for download from October 1st , 2013, at www.global-ebook.com. A project of Rüdiger Wischenbart Content and Consulting.

Written by #1 New York Times bestselling author Marieke Nijkamp, Critical Role: Vox Machina - Kith & Kin will follow a brand-new story, featuring the cunning ranger Vex'ahlia and the conning rogue Vax'ildan (and, of course, Trinket) years before they meet Vox Machina. After leaving the unwelcoming refuge of Syngorn, the twins become entangled in a web spun by the Clasp, and for the first time Vex and Vax find themselves on opposite sides of a conflict that threatens the home they have carried with each other for years.

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover

Download Free Kobo Vox User Guide

sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experience may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

Provides teachers with guidance on creating not only skilled readers but children who enjoy reading both inside and outside of the classroom.
