MAKING REQUESTS

WITH MODALS

The speech act of making requests is quite complex in English. A speaker has to consider several factors before making a request that would be well received.

Where To Download

First the speaker must consider the size of the request and the person who he or she is talking to. Then, the speaker must choose an appropriate modal

Making Requests
With Modals

Where To Download

American English

Can and Could
are modal verbs
used to make
requests. Here
is the
structure:

Can/Could +
Subject + Verb.

Examples: Can
you pass the
salt please?

Could you bring
your book

Where To Download

tomorrow? Can
and Could are
used
differently. Can
is less polite
than Could. Can
is used to make
basic requests
from a friend or
co-worker. It is
often used for
small things.

requests

Where To Download

Requests, a speech act people frequently use to perform everyday social interactions, have attracted particular attention in Politeness theories, pragmatics, and second language

Where To Download

acquisition.

This book looks at request behaviours in a significant EFL population - Chinese speaking learners of English. It will draw on recent literature, such as politeness theories and cognitive models

Where To Download

for
interlanguage
pragmatics
development, as
well as placing
special emphasis
on situational
context and
formulaic
language to
provide a more
fine-grained
investigation. A
range of request

Where To Download

scenarios has been specifically designed for this project, from common service encounters to highly face-threatening situations such as borrowing money and asking a favour of

Where To Download

police officer.
Our findings on
Chinese-style
pragmatic
behaviours and
patterns of
pragmatic
development will
be of value to
cross-cultural
pragmatics
researchers,
TESOL
professionals,

Where To Download

and university students with an interest in this area of study.

American

The purpose of this research is to analyse the pragmatic development of language groups at different proficiency levels and to

Where To Download

investigate the relationship between interlanguage pragmatics and grammatical competence. For this study, 36 native Spanish speaking EFL learners at different proficiency levels were

Where To Download

asked to respond in English to 24 different situations that called for the speech acts of request and apology. Results showed three important aspects. The first finding suggested that basic adult

Where To Download

Learners possess a pragmatic knowledge in their L1 that allows them to focus on the intended meaning and, in most cases, to assemble an utterance that conveys a pragmatic intention and

Where To Download

satisfies the communicative demands of a social situation. The second finding revealed that there are two essential conditions to communicate a linguistic action: the knowledge of the

Where To Download

relevant
linguistic rules
and the
knowledge of how
to use them
appropriately
and effectively
in a specific
context. The
findings further
suggested that
advanced
learners possess
the grammatical

Where To Download

knowledge to
produce an
illocutionary
act, but they
need to learn
the specific L2
pragmatic
conventions that
enable them to
know when to use
these
grammatical
forms and under
which

Where To Download

circumstances.

Requests With

This is the first edited volume dedicated specifically to interlanguage request modification. It is a collection of empirical studies carried out by an international

Where To Download

array of
scholars which
provides
insights for
researchers,
graduate
students and
language
teachers on
patterns of
interlanguage
request
modification in
a range of

Where To Download

research
contexts and lin
guistic/cultural
settings. The
research in this
volume takes the
reader from a
consideration of
interlanguage
request
modification in
naturally-
occurring e-mail
data, through to

Where To Download

elicited data
from e-DCT
questionnaires
on cyber-
consultations,
to the
interactive oral
discourse of
requests in open
role-plays. As a
whole, the
contributions
incorporate
research with

Where To Download

learners from a range of proficiency levels and from diverse linguistic/cultural backgrounds while the chapters individually examine developmental aspects of interlanguage

Where To Download

request
modification,
requests in
electronic
contexts,
comparative
learner/native
speaker
requests, and
instructional
effects on
mitigation. The
book will
undoubtedly

Where To Download

become an
important
reference for
researchers and
teachers not
only in the
field of
pragmatics but
also in second
language
acquisition,
language
teaching, (socio
-)linguistics

Where To Download

and discourse
analysis.

Updated and
revised with
more examples
and expanded
discussions,
this second
edition
continues the
aim of providing
teachers with a
solid

Where To Download

Understanding of
the use and
function of
grammatical
structures in
American
English. The
book avoids
jargon and
presents
essential
grammatical
structures
clearly and

Where To Download

concisely. Dr.
DeCapua
approaches
grammar from a
descriptive
rather than a
prescriptive
standpoint,
discussing
differences
between formal
and informal
language, and
spoken and

Where To Download

written English.
The text draws
examples from a
wide variety of
authentic
materials to
illustrate
grammatical
concepts. The
many activities
throughout the
book engage
users in
exploring the

Where To Download

different
elements of
grammar and in
considering how
these elements
work together to
form meaning.

Users are
encouraged to
tap into their
own, often
subconscious,
knowledge of
grammar to

Where To Download

consciously
apply their
knowledge to
their own varied
teaching
settings. The
text also
emphasizes the
importance of
understanding
grammar from the
perspective of
English language
learners, an

Where To Download

approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout.

Where To Download

Drawing on
everyday
telephone and
video
interactions,
this book
surveys how
English speakers
use grammar to
formulate
responses in
ordinary
conversation.
The authors show

Where To Download

that speakers
build their
responses in a
variety of ways:
the responses
can be longer or
shorter,
repetitive or
not, and can be
uttered with
different
intonational
'melodies'.

Focusing on four

Where To Download

sequence types:
responses to
questions ('What
time are we
leaving?' -
'Seven'),
responses to
informings ('The
May Company are
sure having a
big sale' - 'Are
they?'),
responses to
assessments

Where To Download

('Track walking is so boring. Even with headphones' - 'It is'), and responses to requests ('Please don't tell Adeline' - 'Oh no I won't say anything'), they argue that an interactional approach holds

Where To Download

the key to explaining why some types of utterances in English conversation seem to have something 'missing' and others seem overly wordy.

Music in the
American

Where To Download

Diasporic
Wedding explores
the complex
cultural
adaptations,
preservations,
and fusions that
occur in
weddings between
couples and
families of
diverse origins.
Discussing
weddings as a

Where To Download

site of
negotiations
between
generations,
traditions, and
religions, the
essays gathered
here argue that
music is the
mediating force
between the
young and the
old, ritual and
entertainment,

Where To Download

and immigrant
lore and
assimilation.

The contributors
examine such
colorful
integrations as
klezmer-tinged
Mandarin tunes
at a Jewish and
Taiwanese
American
wedding, a
wedding services

Where To Download

industry in
Chicago's South
Asian community
featuring a
diversity of
wedding music
options, and
Puerto Rican
cultural
activists
dancing down the
aisles of New
York's St.
Cecilia's church

Where To Download

to the thunder
of drums and
maracas and
rapping their
marriage vows.
These essays
show us what
wedding music
and performance
tell us about
complex
multiethnic
diasporic
identities and

Where To Download

remind us that
how we listen to
and celebrate
otherness
defines who we
are.

The chapters in
this volume
focus on how we
might understand
the concept of
'unit' in human
languages. It is

Where To Download

an analytical
notion that has
been widely
adopted by
linguists of
various
theoretical and
applied
orientations but
has recently
been critically
examined by both
typologically
oriented and

Where To Download

interactional
linguistics.
This volume
contributes to
and extends this
discussion by
examining the
nature of units
in actual usage
in a range of
genetically and
typologically
unrelated
languages,

Where To Download

English,
Finnish,
Indonesian,
Japanese, and
Mandarin,
engaging with
fundamental
theoretical
issues. The
chapters show
that categories
originally
created for the
description of

Where To Download

Indo-European languages have limited usefulness if our goal is to understand the nature of human language in general. The authors thus question the status of traditionally accepted

Where To Download

linguistic
units,
especially their
static
understanding as
a priori
entities, and
suggest instead
that an emergent
and
interactional
view of both
structure and
function offers

Where To Download

a better fit
with the data
from the
languages
examined.
