Michael Campbell's best-selling POPULAR MUSIC IN AMERICA, now in its fourth edition, remains the industry standard in breadth of coverage, readability, and musical focus. The text provides a rich account of the evolution of popular music from the

Online Library Popular Music In America 4th Edition

mid-19th century to the present. Discussions highlight connections, contrasts, and patterns of influence among artists, styles, and eras. Coverage of listening skills allows students to place music of their choice in context. The Fourth Edition expands the coverage of country, Latin, world, and late 20th century music to give instructors more options to teach the course as they choose to. A major reorganization replaces long chapters with units broken into small chapters to make the material easier for students to read and master. Units are clearly defined by style and timeframe, and chapters feature narrowly focused objectives. This edition features a vibrant, richly illustrated, magazine-like design, plus numerous online resources. Almost all listening examples are available on iTunes via dedicated playlists; instructors who adopt the text will also receive copies of the heritage 3-CD set from the 3rd edition

for personal, library, and class use. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don’t

Care Girl— who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, *Love for Sale* is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today’s practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore

Online Library Popular Music In America 4th Edition

unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, *Love for Sale* is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.

Michael Campbell's best-selling **POPULAR MUSIC IN AMERICA**, now in its fourth edition, remains the industry standard in breadth of coverage, readability, and musical focus. The text provides a rich account of the evolution of popular music from the mid-19th century to the present. Online Library Popular Music In America 4th Edition

Exploring the rich terrain of American popular music, this text combines cultural and social history coverage with the analytical study of musical styles using well-chosen examples and insightful commentary. This new edition traces the development of jazz, blues, country, rock, hip-hop, and other popular genres from their multicultural roots to the digital world of the twenty-first century.

Volume two concentrates exclusively on music activity in the United States in the nineteenth century. Among the topics discussed are how changing technology affected the printing of music, the development of sheet music publishing, the growth of the American

Online Library Popular Music In America 4th Edition

musical theater, popular religious music, black music (including spirituals and ragtime), music during the Civil War, and finally "music in the era of monopoly," including such subjects as copyright, changing technology and distribution, invention of the phonograph, copyright revision, and the establishment of Tin Pan Alley.

The Historical Dictionary of Popular Music contains a chronology, an introduction, an appendix, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on major figures across genres, definitions of genres, technical innovations and surveys of countries and regions.
