DK's Essential Managers series contains the knowledge you need to be a more effective manager and hone your management style. Whether you're new to project management or simply looking to sharpen your existing skills, this is the e-guide for you.

Do you want to be a Certified Project Manager? This book combines operational and human skills into flexible, proactive framework. It focuses on the human element that is critical to project implementation and completion. It also provides an intuitive five-step approach for collecting the necessary information to plan, schedule, and control a project. Also features examples, case studies, and analysis for each phase of a typical project, to ensure that each project you manage meets its goals on time and on budget. Provides proven guidelines for managing projects from both the operational and behavioral standpoint.

As the market-leading textbook on the subject, Project Management: The Managerial Process is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied. It focuses on how

project management is integral to the organization as a whole. The text not only delivers the tools and processes is essential to successful project management but also an understanding that the effectiveness of these tools and methods are shaped and determined by the prevailing culture of the organization and interpersonal dynamics of the people involved. As such, Larson/Gray presents a holistic view that focuses on methodology as well as the human dimension and how they interact to determine the outcome of projects. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.
