This children's novel is the story of how 10 year old Zeta meets a merman while on a family vacation in Scotland. The merman, Marinus, teaches her to swim, and many other things about the fantastical ocean world. I read this book due to recognizing the author of two classic children's novels, Babe and The Water Horse.

An exhilarating modern fairy tale about what happens when the tragic and mundane collide with the strange and wonderful. Nella and her brother Robert live a difficult life with their mother and father in a small town on the west coast of Sweden. Robert is bullied at school, and Nella has to resort to debt and petty crime to pay off his tormentors. When she turns to her friend Tommy for help, her suspicions are aroused by the mysterious comings and goings of his brothers at their dilapidated boat house. But when she uncovers the reason behind their enigmatic behavior, her life is opened to the realities of a mindboggling secret. The Merman is a dark and haunting novel about sibling love and betrayal—and about what happens when the mundane collides with the strange and beautiful.

A sexy, sleek-tailed monster. Zantu has evaded the mate-bond for thirty-five years, dodging promiscuous mermaids with vile intents. Unlike mermaids, mermen bond for life, and Zantu refuses to accept the heartbreak most mermen die of. That is, until the glint of gold catches his eye, and a simple salvage mission turns to passion. Now he's bonded to a human. A woman looking for a reason to live. Briana thinks her life is over after the loss of her child. Instead, she falls into the arms of a merman who is anything but cold-blooded. He's wild, seductive, and sets her blood on fire every time he touches her, and soon she begins to need him for more than his magic to breathe underwater. He might just give her a new purpose. But as dangers encroach from every side, Zantu must choose; keep his new mate at his side or keep her safe. Either way, he's sure he'll end up with a broken heart. Gabriel Braven is destined for a great love, but he does not believe it. His parents had a storybook romance ... until a freak ocean storm robbed them of their lives and left him alone to be raised by his grandmother. With their deaths, Gabriel's adoration for the sea turned to fear, and his belief in happy-ever-afters turned to dust. Gabriel vowed to never set foot in the ocean again and to never believe in love. Gabriel kept that promise until after his junior year of college, when he and his best friend Corey return to the ocean-side town where he lost his parents in order to help his grandmother. Gabriel's bitter fear of the water has only grown, along with his belief that it is his destiny to be forever alone. Corey is determined to prove Gabriel wrong. It is his mission that summer for Gabriel to find love on the beach ... and maybe do some swimming, too. Gabriel will settle for simply not reliving his parents' deaths every time he hears the rush and shush of the waves. Both may get their wish as Gabriel discovers the hidden past of the Bravens and the sea sends someone amazing to his aid.

The last of the merfolk scour Earth for a new home to call their own The underwater city of Liri has thrived off the coast of Denmark for generations. But now, as Europe's medieval age comes to a close, the efforts of zealous priests and the destructive ringing of church bells are causing the city to crumble. An ageless people who thrived apart from the cruelty of human existence on land, the merfolk are poetic speakers, loving and loyal, nearly impervious to death but with one great deficiency: They lack souls. Their numbers dwindling, the merpeople scatter. Some abandon their home for the coast of Dalmatia in the Adriatic Sea, while others—the half-human, half-seaborn children of the great merfolk king Vanimen—decide to scout alien territory on land for adventure, treasure, and clues to their lost human heritage.

From highly rated author, Kevin McGill: Sometime in the near future, Earth is going to end. What's fourteen-year-old Nick to do? Escape to a fantastic world teeming with magical creatures of course. What Nick doesn't realize is the fantastic can be more perilous than the future. On Earth, Nick Lyons and his friends fear the deadly geneva virus, live under the ever-watchful eye of the nannydrones, and fight to stay out of the US's many refugee camps. Nick's grandfather and his mysterious friend offer an escape to a better world. Surprisingly, this new world is the moon, and it's teeming with life-breathing airships, mysterious volcano born nymphs, fire-breathing winged lions, and magic at the tip of your tongue. The catch is Nick must also accept the role of protector over the merfolk, who are being hunted down by the sinister sheriff and his thousand-eyed monsters. Nick wants to lead his friends to a better life, but he will soon discover the fantastic can be more perilous than the future. When you buy *The Merman and The Moon Forgotten*, you'll experience Nick's boisterous and heart-felt adventure as he seeks to save his friends and a race of moon-dwelling merfolk. If the kids from *Stranger Things* took a fantastic journey to the moon, you'd get *Nikolas and Company*.
