An entertaining picture book that teaches the importance of asking for permission first as a young girl attempts to escape the curious hands that want to touch her hair. It seems that wherever Aria goes, someone wants to touch her hair. In the street, strangers reach for her fluffy curls; and even under the sea, in the jungle, and in space, she's chased by a mermaid, monkeys, and poked by aliens...until, finally, Aria has had enough! Author-illustrator Sharee Miller takes the tradition of appreciation of black hair to a new, fresh, level as she doesn't seek to convince or remind young readers that their curls are beautiful--she simply acknowledges black beauty while telling a fun, imaginative story.

Includes the following information: Classroom vignettes that demonstrate how read-aloud conversations are teachable moments, Suggestions for choosing books, Examples of teaching strategies that work especially well during read-alouds, and Discussion of the role of evaluation and assessment in read-aloud.

A perfect blend of silly and scary, this oversized lift-the-flap board book shows children what's hiding inside some creepy creatures. Snakes, bats, and spiders aren't that frightening--but just wait till you see what they're like on the inside! This delightfully ghoulish book is filled to the brim with creatures perfect for some Halloween fun. Whether it's a big bad wolf or a skeletal ghost, each monster is hiding its really horrible side beneath a foldable flap. Lift the foldout on the crab to reveal sharp teeth and tentacle tongues or pull down the flap on the spider to discover its recently caught snacks. Thierry Dedieu's colorful illustrations bring humor and lightheartedness to many spine-chilling creatures. A perfect blend of silly and scary, this big board book helps kids overcome their worries with laughter. Encourage your children to embrace their spooky side with this Halloween treat!

As Pig tries to write a book, he chastises the reader who keeps interrupting him by turning the pages.

My story is about the bond between the Oak and his residents, and the good and bad times they live through together. A few natural science facts are woven into the plot for the more curious readers. Recommended age: 3-7 years.

As a child, there are constantly people trying to pick you up, hug you, or tickle you. Sometimes, though, children fall victims to people who try to touch them inappropriately. But how do you tell someone, most likely an adult, that you don't want to be touched? Or, if it has already happened, how do you tell an adult you trust about what happened? You're only a child, and they're the adults. Why would they believe you? My Body Belongs to Me! is an educational tool to help instill confidence in children when it comes to their bodies. The narrative of the story is led by a girl named Clara, who encourages kids to say "no" if they are uncomfortable with physical contact. The narrator gives readers tips about what they can say or do to avoid unwanted physical contact, or how to tell the right people in the event it has already occurred. My Body Belongs to Me! is an invaluable resource that gives children a voice in uncomfortable situations. Suited for children ages 3 to 6, this should be in all doctor's offices, counselor's offices, and all parents should read to their preschool-aged children to teach them how to effectively say no to unwanted touching and how to report unwanted touching if it does occur.

A perennially popular collection of short stories, poems, legends, and myths from great works of literature that are especially appropriate for parents to read aloud to their children aged five to twelve. Line drawings.
