The Tomb of Tutankhamun: Volume III—Treasury & Annex ...

Volume 3 is about the opening of the Treasury and the Annex in Tutankhamen's tomb. The current reprint tells how since Volume 3 was written 10 years later than the earlier volumes the printing was small and very quickly went out of print. I am so glad I was now able to obtain this volume. It is a wonderfully informative and interesting read.

The Tomb of Tutankhamun: Volume 2 (Bloomsbury Revelations ...

No archaeologist in history had ever seen an intact burial of an Egyptian pharaoh. Now Howard Carter and his team were about to open the innermost coffin of Tutankhamun. Volume II of this historical and exciting series covers the dismantling of the enormous golden shrines around Tutankhamun's sarcophagus, the opening of the sarcophagus, the mystery of the immense weight of the king's coffins, and the magical day when they became the first people to gaze on the boy king's face after more than ...

The Tomb of Tutankhamun: Volume 2: The Burial Chamber ...

Containing over 100 images from the site itself, this volume also includes Carter's short article, 'The Tomb of the Bird,' which inadvertently spawned the legend of the great curse of Tutankhamun's tomb.

The discovery of the resting place of the great Egyptian Pharaoh Tutankhamun [Tut.ankh.Amen] in November 1922 by Howard Carter and the fifth Earl of Carnarvon was the greatest archaeological find the world had ever seen. Despite its plundering by thieves in antiquity, the burial of the king lay intact with its nest of coffins and funerary shrines, surrounded by a mass of burial equipment arranged in three peripheral chambers. Following on from the first volume's account of the search for and initial discovery of the team, in the second volume Howard Carter recounts the discovery of the king's burial chamber: the breakthrough to the four protective shrines, the revelation of the quartz-sandstone sarcophagus, the king's three coffins (his own of pure gold) and the bejewelled mummy of the Pharaoh himself. Now available in the Bloomsbury Revelations series, the book includes over 150 photographs of the treasures that lay within the great burial chamber of Tutankhamun.

The discovery of the resting place of the great Egyptian Pharaoh Tutankhamun [Tut.ankh.Amen] in November 1922 by Howard Carter and the fifth Earl of Carnarvon was the greatest archaeological find the world had ever seen. Despite its plundering by thieves in antiquity, the burial of the king lay intact with its nest of coffins and funerary shrines, surrounded by a mass of burial equipment arranged in three peripheral chambers. After the long search for the tomb and its initial discovery and excavation (volume 1), after the discovery of the king's resting place and body (volume 2), the third and final volume of Howard Carter's account sees him reach the treasury, full of the incredible riches that the Pharaoh had sort to take with him to the world beyond and which had seemed lost to time before Carter's historic discovery. Now available in the Bloomsbury Revelations series, the book includes over 150 photographs of the treasury and its contents.

The discovery of the resting place of the great Egyptian King Tutankhamun [Tut.ankh.Amen] in November 1922 by Howard Carter and the fifth Earl of Carnarvon was the greatest archaeological find the world had ever seen. Despite its plundering by thieves in antiquity, the burial of the king lay intact with its nest of coffins and funerary shrines, surrounded by a mass of burial equipment arranged in three peripheral chambers. Published in 1923, this is the first volume of Carter's trilogy, describing the years of frustration in search of the burial site, the triumph of its eventual discovery and the long, painstaking process of exploring and cataloguing its treasures. Containing over 100 images from the site itself, this volume also includes Carter's short article, 'The Tomb of the Bird,' which inadvertently spawned the legend of the great curse of Tutankhamun's tomb.

Containing over 100 images from the site itself, this volume also includes Carter's short article, 'The Tomb of the Bird,' which inadvertently spawned the legend of the great curse of Tutankhamun's tomb.

This book captures the painstaking, step-by-step process of excavation, and the wonders of the treasure-filled inner chamber. 106 on-the-spot photographs depict the phases of the discovery and the scrupulous cataloging of the treasures.

"What he writes has the stamp of first-hand knowledge and the grace of a sympathetic style. The world owes a debt of gratitude that the accident of the discovery of the tomb brought to it so painstaking a workman as the author--one who was willing to sacrifice the golden possibility of haste and fame to the slow accumulation of scientific knowledge. "--The New York Times"Let me try and tell the story of it all. It will not be easy, for the dramatic suddenness of the initial discovery left me in a dazed condition, and the months that have followed have been so crowded with incident that I have hardly had time to think. "Among the hundreds of books written about ancient Egypt and Tutankhamun, you won't find an equal to archaeologist Howard Carter's powerful book about his discovery. His great work in many ways remained unfinished.He left us, however, this remarkable document of discovery. The book is Carter's personal story of the greatest adventure of his life--one that has not been surpassed in a century of archaeology.In 1904, retired American lawyer, Theodore Davis, famously declared that The Valley of the Kings in Thebes had given up all of its secrets, leaving nothing more to be discovered. He relinquished his exclusive rights to dig in The Valley.But as Howard Carter states in this volume, "The history of The Valley has never lacked the dramatic element." Some 18 years later, Carter made the richest archaeological discovery in history within yards of where Davis had dug.The world immediately became obsessed with everything Tutankhamun. From architecture, to household goods, to fashion, a early 20th-century surge in fascination with ancient Egypt took hold across the globe.This is not a dry scientific treatment of the excavation or the artifacts. What he imparts with this book is a sense of excitement, wonder, and mystery set expertly into a concise context of history and Egyptology, captivating layperson and specialist alike, young or old.Intertwining notes on Egyptian gods, religion, mythology, and magic, Carter spins an alluring real-life tale, setting the context for Egyptian history and Tutankamun.For the first time this amazing work is available for Kindle. With a new Introduction and updated footnotes, you'll have more context to follow this book than Carter's original readers did. Much information that was yet to be understood or discovered in 1922 is included in the Introduction.

Through this fascinating story we experience the adventure, the painstaking work, the magic, the excitement and the awe through the eyes of the "tomb raider" himself, archaeologist Howard Carter. This book tells the story of one of the greatest archeological discoveries ever, the discovery of the intact tomb of the 18th Dynasty Pharaoh, Tutankhamun (colloquially known as "King Tut" and "the boy king"), in November 1922.

The ultimate book on King Tut and his tomb--the most exciting archaeological find the world has ever known--now in a compact edition

Your journey through the discovery of Tutankhamun cannot be complete without Volume III. In this third and final volume of Howard Carter's classic work on his historic discovery of the tomb of Tutankhamun, he gets down to the details of the objects contained in the Treasury and the Annexe. Neither of these chambers had escaped the attentions of the tomb-robbors who had entered the tomb in antiquity. As Carter describes, both rooms had objects that suffered at the hands of the robbers (and probably the officials charged with resealing the tomb).Nevertheless, with his usual style, Carter treats the objects and the science of the discovery with sensitivity and detail. One is a little tempted to wonder in places (such as the discription of desert plants) whether he was trying to fill a contractual length for the book. But even here, Carter shows an extraordinary breadth of knowledge that makes the reading interesting.A specific example is Carter's very good detective work on determining the likely source of moisture that permeated the tomb infrequently during the more than 3,000 years during which it was sealed. Carter's understanding of the geology of the Valley of the Kings and his very intimate knowledge of the state of the tombs that intersect the same stony hillock as the tomb of Tutankhamun gave him particular advantage in this analysis. Thus he tells a very interesting tale about an otherwise dull subject, i.e. rainfall and ground seepage.Howard Carter's book is as relevant today as when it was first published. His long and remarkable career in Egypt added much to our understanding of Egyptian history and burial culture.For the first time, this entire series is available for Kindle. These rare and fascinating books are now affordable and you can take them with you anywhere.For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers and smartphones. Be sure to LOOK INSIDE by clicking the cover above or download a sample.
