Now updated with an afterword for Monk's 2017 centennial. Thelonious Monk is the critically acclaimed, gripping saga of an artist's struggle to "make it" without compromising his musical vision. It is a story that, like its subject, reflects the tidal ebbs and flows of American history in the twentieth century.

~~Thelonious Monk: The Life and Times of an American~~

Thelonious Monk: The Life and Times of an American Original by Robin D.G. Kelley is a meticulously researched and engaging read that seeks to put the record straight without any chaser. Popular notions about Monk tend to emphasize his lack of formal training, his bizarre behavior and unique fashion sense.

~~Thelonious Monk: The Life and Times of an American~~

It took a village to raise Monk: a village populated by formal music teachers, local musicians from the San Juan Hill neighborhood of New York in which he grew up; an itinerant preacher, a range of friends and collaborators who helped facilitate his own musical studies and exploration; and a very large, extended family willing to pitch in and sacrifice a great deal so that Thelonious could pursue a life of uncompromising creativity.

~~Amazon.com: Customer reviews: Thelonious Monk: The Life~~

"Robin Kelley's new biography Thelonious Monk: The Life And Times of an American Original is a breath of fresh air among the biographies of our legendary jazz musicians. This book is thorough, detailed and written with a true affinity for Monk's humaneness and creative musical output.

A comprehensive profile of the enigmatic jazz pianist and composer offers insight into his origins, his early musical career, and the mid-twentieth-century cultural upheavals that shaped his personal and creative life.

The first full biography of legendary jazz musician Thelonious Monk, written by a brilliant historian, with full access to the family's archives and with dozens of interviews. Thelonious Monk is the critically acclaimed, gripping saga of an artist's struggle to "make it" without compromising his musical vision. It is a story that, like its subject, reflects the tidal ebbs and flows of American history in the twentieth century. To his fans, he was the ultimate hipster; to his detractors, he was temperamental, eccentric, taciturn, or childlike. His angular melodies and dissonant harmonies shook the jazz world to its foundations, ushering in the birth of "bebop" and establishing Monk as one of America's greatest composers. Elegantly written and rich with humor and pathos, Thelonious Monk is the definitive work on modern jazz's most original composer.

With his trademark goatee, dark glasses, and hat, Thelonious Monk is an image of coolness. Jazz fans revere Monk for his groundbreaking compositions and piano playing from the 1950s and 1960s, but to a wider audience he stands for something much bigger: the idea of native genius; a quirky, absent-minded, unalloyed originality that is the perfect symbol of the undefinable essence of jazz. The man behind the mystique is now more interesting and edifying, thanks to extraordinary, unprecedented access to Monk's closest friends and family, his private papers, and hours of audiotapes of Monk himself. Monk's musical and cultural education blended together the key strands of African-American music traditions: from church hymns, to ecstatic stomping and call-and-response, to the blues. When he put it together with the Kansas City and New York dancehall music of swing, he reached a cultural apex unlike anyone before or after him. A husband and father, Monk moved in with an aristocratic Dutch hipster known as 'the Jazz Baroness,' a key, strange patron of modern jazz. He continued to compose subtle, deceptively simple-sounding classics, while descending into depression and erratic behaviour. A once-energetic, joking, handsome young man grew into a tortured artist, and the Monk mystique took hold. Now Kelly reveals that this talented musician was in fact a much more complex and interesting figure than his image would suggest. A fascinating biography, not just for Monk and jazz fans, but for those interested in the fragile spirit of human nature.Robin DG Kelley is a professor of history, American studies and ethnicity. He has spent most of his career exploring African American culture, on which he's written several books, including on jazz and hop-hop.

-- First comprehensive study of Monk, one of the 20th century's most original and influential creative artists, available in the States. -- Thoroughly revised and beautifully redesigned for American readers, including fifty studio, performance and personal photographs. -- Lively and authoritative biographical section reveals the public as well as the private life of this pivotal figure. -- Analysis of Monk both as a pianist and composer, by an established jazz critic and musician. -- Up-to-date narrative discography gives detailed descriptions of all Monk recordings currently available on record and CD. Gives readers the story behind the music. -- Fifty carefully selected photographs documenting the modern jazz movement. -- Complete and current catalog of Monk material, including video as well as CDs and rare recordings. -- Glossary of key jazz terminology.

"Read this invigorating graphic narrative, then-quickly, before the spell breaks!-play one of Monk's records." -Saul Williams She is Kathleen Annie Pannonica de Koenigswarter, a free-spirited baroness of the Rothschild family. He is Thelonious Sphere Monk, a musical genius fighting against the whims of his troubled mind. Their enduring friendship begins in 1954 and ends only with Monk's death in 1982. Set against the backdrop of New York during the heyday of jazz, Monk! explores the rare alchemy between two brilliant beings separated by an ocean of social status, race, and culture, but united by an infinite love of music. This breathtaking graphic novel by Youssef Daoudi beautifully captures the life of the "the high priest of bop" in spontaneous, evocative pen and ink that seems to make visible jazz itself.

This biography of the legendary pianist/composer tells the story of the tragic life and creative genius of Monk, based on scores of interviews with his family, friends, and compatriots.

The first full biography of American jazz pianist and composer Thelonious Monk, written by a brilliant historian who enjoyed full access to the family's archives and provides the author with dozens of interviews.
