Lost in love and don't know much? Paul Feig knew even less... Like any other red-blooded, straight young man, Paul Feig spent much of his teenage years trying to solve the mystery of women. Unlike most red-blooded, straight teenage boys, however, Paul Feig was sadly at a considerable disadvantage. He was tall and gangly. He had a love for musical theater. And, perhaps the death knell for his burgeoning sex life, Paul was a tap dance student. (And we have the pictures to prove it—see the front cover.) Infused with the same witty and infectiously readable style of his first book, Kick Me, Superstud chronicles the trials and tribulations of Feig's young dating life with all the same excruciating detail as an on-air gastric bypass—and you just won't be able to tear yourself away. Feig's series of shudder-to-think but oddly familiar (come on—we've all been dumped by someone we didn't even like that much) anecdotes include: his first date, at an REO Speedwagon concert with the most endowed girl in school, who leaves him sitting next to a puddle of puke; his first breakup, accomplished by moving across the country; his mortifying date with his secretly bigoted girlfriend; his discovery of a new self-love technique that almost lands him in the hospital; and his less-than-idealistic "first time," which he nevertheless elevates to biblical proportions. In Superstud, Paul Feig tells all in a hilarious but true testament to geekdom, love, and growing up.

Get to grips with a new technology, understand what it is and what it can do for you, and then get to work with the most important features and tasks. Instant GSON is a practical, hands-on guide that will explain the implementation features of the GSON API through examples with code.Instant GSON is for software developers who are new to the GSON library, and who are looking to explore it in depth. You should have some experience in Java programming and Java POJO classes.

KL.R650 (2008-2012).

This is the third book in successful series of occasional sketches by the grandfather of American alternative comix. These sketches reveal another side-- a contemplative side-- to the controversial artist, renowned for his taboo-breaking satires of American society. With his intricate cross-hatching and observant line, the drawings here show Crumb as an imaginative chronicler of everyday life.
