Claude Monet (1840-1926) was a founder of French impressionist painting, and the most consistent and prolific practitioner of the movement's philosophy of expressing one's perceptions before nature, especially as applied to 'plein-air' landscape painting. The term Impressionism is derived from the title of his painting Impression, Sunrise (Impression, 'soleil levant'). This book is the most comprehensive collection of Claude Monet's Paintings ever published, covering the artist's entire 64 years of creation; a keepsake for the connoisseur of fine art. On 484 pages, this book includes a detailed biography, a resume written by Monet himself (in English and French), and over 900 paintings on 460 colour plates (large format 8½ x 11 inches), as well as a special section of Monet's famous Water Lilies Series, and the Series of the London Parliament Buildings and Bridges. A beautifully told art story for children, looking at Claude Monet's life through his masterpieces. Accompanied by stunning original illustrations from Caroline Bonne-Muller. *Monet - The Portrait of an Artist* series is an excellent introduction to art and its importance to our world. Claude Monet is one of the best loved artists of all time. Find out how this special young painter strove to capture light and feeling in his paintings and how together with a group of talented friends, he came to start the most famous art movement of all time, Impressionism. In his long life he experienced war and heartbreak, love and the joy of family. See how his life shaped each piece of art he made and that throughout it all he never stopped trying to paint the ever changing light and glimmering water. In the end he built himself a garden filled with both, with waterlilies floating on dappled ponds setting the scene for his last, infamous masterpieces. A Monet masterpiece is featured on every spread. This art story also includes a closer look at 10 of Monet's masterpieces at the back.

From bestselling author Ross King, a brilliant portrait of the legendary artist and the story of his most memorable achievement. Claude Monet is perhaps the world's most

beloved artist, and among all his creations, the paintings of the water lilies in his garden at Giverny are most famous. Monet intended the water lilies to provide "an asylum of peaceful meditation." Yet, as Ross King reveals in his magisterial chronicle of both artist and masterpiece, these beautiful canvases belie the intense frustration Monet experienced in trying to capture the fugitive effects of light, water, and color. They also reflect the terrible personal torments Monet suffered in the last dozen years of his life. Mad Enchantment tells the full story behind the creation of the Water Lilies, as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists, led by Henri Matisse and Pablo Picasso, were challenging the achievements of Impressionism. By early 1914, French newspapers were reporting that Monet, by then seventy-three, had retired his brushes. He had lost his beloved wife, Alice, and his eldest son, Jean. His famously acute vision--what Paul Cezanne called "the most prodigious eye in the history of painting"--was threatened by cataracts. And yet, despite ill health, self-doubt, and advancing age, Monet began painting again on a more ambitious scale than ever before. Linking great artistic achievement to the personal and historical dramas unfolding around it, Ross King presents the most intimate and revealing portrait of an iconic figure in world culture.

A tale inspired by Claude Monet's Water Lilies masterpieces features a lovely but vain frog, Antoinette, who engages in increasingly determined antics in her effort to be featured in a famous artist's paintings of a pond in Giverny.

Learn about one of the worlds favourite painters - Claude Monet - in this unique biography series, which depicts the story of an artist 's life through their own masterworks.
