Vengeance Of The Iron Dwarf (Forgotten Realms: Companions ...
Vengeance of the Iron Dwarf is the third and final book of the Companions' Codex trilogy, and the 27th part of the Legend of Drizzt, that is, the 27th novel about the extremely popular dark elf ranger by Bob Salvatore. It is also, I'm saddened to say, an awful book.

Continues the adventures of dark elf Drizzt Do'Urden against a backdrop of a brutal war that expands throughout the Forgotten Realms.

Bloody war rages across the Forgotten Realms world in the third book of the Companions Codex, the latest series in R.A. Salvatore's New York Times best-selling saga of dark elf Drizzt Do'Urden. In the evolving world of the Forgotten Realms setting, the Sundering has given way to months of cloud-cloaked darkness, and war rages under that oppressive sky. The orcs have broken a hard-fought treaty that's held, however tentatively, for a hundred years, and the time to settle old scores has devolved into an all-out brawl for control of the ancient realms of the North.

Continues the adventures of dark elf Drizzt Do'Urden against a backdrop of a brutal war that expands throughout the Forgotten Realms.

R.A. Salvatore's New York Times best-selling saga continues as dark elf Drizzt Do'Urden returns to Gauntlgrym with old friends by his side once again, as they seek to rescue Bruenor's loyal shield dwarf-turned-vampire. But not only do Drizzt and his allies face a perilous journey through the Underdark and the dangers of the undead that lie within, but they must cross through a colony of drow, who would like nothing better than to see Drizzt Do'Urden dead.

In the second book of the Companions Codex, the latest series in R.A. Salvatore's New York Times best-selling saga of dark elf Drizzt Do'Urden, the orcs of Many Arrows decide to take advantage of the chaos wrought by the Sundering to reignite a blood feud first brought to life in the phenomenal best seller *The Thousand Orcs*.

"The Companions is the best novel [R.A.] Salvatore has ever written. It's insanely courageous, profoundly powerful, masterfully constructed, and easily Salvatore's most ambitious work to date."—Paul Goat Allen, BarnesandNoble.com "After a quarter of a century, R.A. Salvatore just keeps getting better and better, and *The Companions* is another masterful leap forward for one of the greatest fantasy epics of all time." —Philip Athans, best-selling author of *Annihilation* and *The Haunting of Dragon's Cliff* This latest installment in New York Times best-selling author R.A. Salvatore's beloved fantasy saga, *The Companions* moves Salvatore's signature hero Drizzt into a new era of the Forgotten Realms. As Drizzt's fate hangs in the balance, he reflects on the lives of the trusted allies who stood by his side throughout his early life--the friends now known as

the Companions of the Hall. Meanwhile, the first stirrings of the Sundering begin.

Newly returned to the demon-infested Underdark, Drizzt Do'Urden faces his most dangerous adventure yet Drizzt is going home, but not to Mithral Hall or to Icewind Dale. He's going to Menzoberranzan, the very place he left as a young and outcast drow. Something terrible—immense—unspeakable, has come to the City of Spiders, leaving death and destruction in its wake. As the damage of the Darkening, of war, and of a demon-ravaged Underdark sends cracks out across the North, causing irreparable damage, Drizzt and his companions find their lives endangered once more. When the primordial of Gauntlgrym stirs, Catti-brie and Gromph venture to the ruins of the Host Tower of the Arcane in Luskan, seeking the only power that can keep the beast in check. Meanwhile, Jarlaxle holds the strings for them all, orchestrating a masterpiece of manipulation that brings old enemies together, and tears old friends apart. But even the wily and resourceful Jarlaxle may not realize just how narrow a path he walks. The City of Spiders might already have fallen to the demons and their wicked prince. What's to say the demons will stop there? Maestro is the second book in the Homecoming trilogy and the thirty-second book in the Legend of Drizzt series.

DRIZZT RETURNS TO THE UNDERDARK! "After a quarter of a century, R.A. Salvatore just keeps getting better and better, and The Companions is another masterful leap forward for one of the greatest fantasy epics of all time." —Philip Athans, best-selling author of Annihilation and Writing Monsters R.A. Salvatore Archmage The pall that had descended over the North is gone, and a new day has dawned on a victorious Mithral Hall, but no matter how bright things seem on the surface, Drizzt and his companions know that what lurks just under their feet remains steeped in evil and charged with unimaginable power. The dark elves of Menzoberranzan, including the powerful Archmage Gromph, aren't done with Drizzt yet. And consumed by their own power struggles, feeling backed into a corner, the drow may just be desperate enough to call on demonic forces from the deepest reaches of the Abyss, and unleash a disaster even the Underdark could never have prepared for. Archmage has everything Drizzt's fans crave: action, adventure, characters that resonate with equal measures of warrior spirit and deep compassion, and no shortage of wicked dark elves!

In the 3rd book of the #4 New York Times best-selling Neverwinter Saga, Drizzt draws his swords once more to aid his friends. His lover, Dahlia Sin'felle, can speak of nothing but the moment she will face the Netherese lord Herzgo Alegni once again. Drizzt has already followed a trail of vengeance beside Dahlia. Can he justify one more battle to settle a grudge he does not understand? Artemis Entreri too seeks vengeance. He offers to aid Dahlia in her mission to destroy Alegni. But Charon's Claw, Alegni's sentient sword, dominates

Read Book Vengeance Of The Iron Dwarf Companions Codex

Entreri's movements—if not his mind. And then there's the way Entreri looks at Dahlia. Can Drizzt trust his old foe? Praise for the Neverwinter Saga: "Emotional, respectful of its characters, intelligently written and structured, and finally summons a sense of nostalgic sorrow throughout"—Fantasy Book Review on Gauntlgrym, Neverwinter Saga Book I "Full of excitement. Salvatore has mastered the art of showing a beautiful fight scene, and he is at the top of his game in this one. We meet many characters with many different fighting styles, and Salvatore does a great job of distinguishing between them. He manages to take these scenes from so much more than just a fight scene, to an integral part of the story."—The SFF Hub on Gauntlgrym, Neverwinter Saga Book I "A quick read with some very satisfying fight scenes. It's also deeply layered with emotional atmosphere" —California Literary Review on Gauntlgrym, Neverwinter Saga Book I From the Hardcover edition.

The best-selling author of *The Ghost King* presents the first installment in a trilogy that brings together the Drizzt saga and the *Neverwinter Nights* video-game franchise. Reprint. Video game tie-in.
