Neu führen. Anders führen. Sabbatical statt Dienstauto, Homeoffice statt Beförderung: Die Arbeitswelt ändert sich radikal und der Wunsch nach sinnstiftender Arbeit wird immer größer. Gleichzeitig heißt das aber auch, dass ein Umdenken in den Unternehmen stattfinden muss, ein neues Verständnis von Führung ist gefragt: raus aus der Ego-Fixierung der Manager, hin zu einem dienenden Selbstverständnis im Interesse des Ganzen. Denn das Ego ist es, was Innovation, Geschwindigkeit und somit

außergewöhnliche und eigentlich mögliche Wettbewerbsstärke verhindert. Managementexperte Matthias Kolbusa, der hochkarätige Unternehmen wie MAN oder die Telekom berät, fordert eine reifere Kommunikation, mehr Wertschätzung und weniger Hierarchie – ein Management beyond Ego. In seinem fulminanten Konzept eines radikal an der Sache orientierten Führungsmodells zeigt er, wie Unternehmenslenker, Manager sowie Team- und Projektleiter es schaffen, sich und andere so zu führen, dass sie leistungsfähiger und innovativer werden und dabei gleichzeitig den Anforderungen nach mehr Geschwindigkeit und Umsetzungsstärke gerecht werden. Kolbusas Credo: »Hören Sie auf, Recht haben zu wollen!«

This book outlines the theory of convenience for white-collar crime to explain what motivates and enables offenders, providing a unique focus on white-collar crime in the business context. The theory of convenience suggests that the extent to which elite members commit and conceal economic crime is dependent on their extent of orientation towards convenience in problematic and attractive situations. Chapters are organized along the main theoretical dimensions of economical motive, organizational opportunity, and personal willingness. In addition, this book: Addresses a business audience by focusing on themes familiar to corporations Documents attitudes towards white-collar crime among business students and future business leaders Analyzes how convenience orientation varies among

individuals Analyzes autobiographies of convicted white-collar offenders Demonstrates the various ways in which white-collar crime occurs The Convenience of White-Collar Crime in Business contributes to an increased understanding of white-collar crime, offering valuable insight in business education that supplements the traditional roles of topics like auditing and compliance in education and practice. It is a useful resource for researchers and law enforcement, and those involved in the detection, prosecution, and conviction of white-collar offenders.

The controversial New York City police commissioner and New York Times bestselling author of The Lost Son shares the story of his fall from grace and the effects of his

incarceration on his views of the American justice system. Bernard Kerik was New York City ' s police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage,

the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.

sport law settings. The 87 cases provide real-life applications for students and scholars of sport management. This updated second edition of Case Studies in Sport Law contains one new case study to provide a more contemporary example while maintaining the most significant precedent cases. The text is easily incorporated as a supplement to course studies, especially for its recommended companion text, Introduction to Sport Law, Second Edition. These two texts were designed with the other in mind, and the structures match each other in order of topics presented so that students can easily cross-reference the two to obtain the best understanding of sport law. The 87 cases in Case Studies in Sport Law have been carefully curated by a team of experts in the field and represent many of the multifaceted aspects of sport law.

Some of the areas covered in the text are school districts, colleges and universities, interscholastic and recreational programs, professional sport franchises, sporting goods manufacturers and trademarks, and governing bodies. This broad approach encourages students to understand the impact of legal issues on the sport industry, including many of the areas that students are hoping to pursue as a career. Case Studies in Sport Law offers condensed versions of each case as opposed to the full legal proceedings, which enables students to grasp key concepts of the case instead of wading through legal jargon. The cases are divided into the main topics that are most prevalent in sport law courses: agency law, antitrust law, constitutional law, contract law, employment law, intellectual property, labor law, products

liability, risk management, statutory law, Title IX, tort law, and the U.S. legal system. This is an easy-to-follow format that allows instructors and readers easy selection of cases based on the topic at hand. In addition to the abridged court cases, each section provides introductory information to prepare students on the type of law that will be examined and key concepts to bear in mind while reading. Further, each case study ends with review questions that can test student comprehension, be used for review, and prompt in-class discussions. Answers to these review questions are in the instructor guide, which is free to course adopters and available at [www.HumanKinetics.com/CaseStudiesInSportLaw](http://www.HumanKinetics.com/CaseStudiesInSportLaw). Litigation and lawsuits in sport are increasing; therefore, managers and

operators must maintain a thorough understanding of legal practices. Case Studies in Sport Law is the ideal text to supplement a sport management or sport law class and bolster student comprehension of sport law issues, and it is a supreme reference in the professional library of all practitioners in college, high school, professional, and recreational sport settings.

Edwin H. Sutherland is widely identified as the single most important and influential criminologist of the twentieth century. He is especially well-known for his path-breaking criminology textbook (first published in 1924), his promotion of a sociological (and scientific) approach to the understanding of crime and its control, his theory of

differential association, and his work over his final ten years on white-collar crime, a term he is credited with having introduced. This book explores the contemporary meaning of Edwin Sutherland and considers why criminologists today should continue to engage with his work. What can and should Sutherland mean to future 21st century criminologists, those working in the field say between 2021 and 2050, or some one hundred years after the 1921 to 1950 period that encompassed Sutherland ' s criminological career? Which dimensions of Sutherland ' s work have best survived the march of time and which are most likely to – and deserve to – survive going forward? Making the case that Sutherland is important to both mainstream and critical criminologists, to positivistic criminologists and those who
