The book explains the principles and practice of bookkeeping sequentially, including: · The bank reconciliation · Writing up the petty cash book · Extracting a trial balance · Accruals and prepayments · Setting up a limited company · Accounting for VAT Plus step-by-step guides to compiling a balance sheet, depreciation, accounting for bad and doubtful debts and much more. The 10th edition also includes significant enhancements to reflect the teachings of the principle bookkeeping institutes as they endeavour to raise the professional competence of their members. For example, accounting staff are increasingly being required to extend their record keeping into management accounts areas. The new edition includes chapters on stock control and budgetary control accounting. In addition, it will include more detailed guidance on the significance and importance of ratio analysis and statements of sources and application of funds, plus the latest available IAB and ICB exam papers.

Offers coverage of the AQA specifications for AS Business Studies. This book features interactive double-page spreads that cover each topic in bite-sized chunks with summaries and explanations written to the AQA specifications.

DT These highly successful revision guides have been brought right up-to-date for the new A Level specifications introduced in September 2000.DT Oxford Revision Guides are highly effective for both individual revision and classroom summary work. The unique visual format makes the key concepts and processes, and the links between them, easier to memorize.DT Students will save valuable revision time by using these notes instead of condensing their own.DT In fact, many students are choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes.

This student text provides complete coverage of the AQA specifications at A2. A task driven approach ensures that the student is able to understand the role and use of information and communication technology within organisations and society.

This edition of Frank Wood's accounting text has been restructured to follow the AQA A-level A2 syllabus. The entire AQA A2 syllabus is covered in parts 1-3. Coverage of the equivalent OCR syllabus is completed in part 4 of the book. Changes to the text include the coverage of partnership accounts, now in one chapter; all company accounting in one chapter; and standard costing and variance analysis covered in a single chapter.; The book builds on a first course in accounting and includes coverage of the more advanced aspects of financial and management accounting. As well as providing instruct.

This revised set of resources for Cambridge International AS and A Level Business syllabus (9609) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, the Coursebook provides comprehensive coverage of the syllabus. Accessible language combined with the clear, visually-stimulating layout makes this an ideal resource for the course. Questions and explanation of key terms reinforce knowledge; different kinds of activities build application, analytical and evaluation skills; and case studies contextualise the content making it relevant to international learners. It provides thorough examination support for all papers with exam-style questions with each chapter and an extensive Paper 3 style case study with each unit. The student CD-ROM contains revision aids, further questions and activities. A Teacher's CD-ROM is also available.
