Set amid the cornfields and keg parties of Jasper, a fictitious Midwestern college town, Deconstruction Acres depicts the struggles of Underdog, a townie, against his many enemies at Jasper College. In a story brimming with irony and humor, he competes with celebrity professor Race Fletcher, author of a book deconstructing the Green Acres TV show, for the affections of beautiful but haunted lone Twayblade. Through waging war against the hated college, Underdog discovers skills and talents he never knew he had.

her first grandchild, she will have at least one baby quilt to make--her quilting circle is as thrilled as she is! There are changes coming in the circle, too. New members join, including a member of the opposite sex! What will this do to the group's easy-going, comforting dynamic? Trouble arrives for son-in-law Justin as the newest police officer on the small Southern town force. In Flannery O'Connor's hometown of Milledgeville, Georgia, reckless relationships lead to a tragedy that forever alters the town and the author herself. Crippled by lupus at twenty-five, celebrated author Flannery O'Connor was forced to leave New York City and return home to Andalusia, her family farm in Milledgeville, Georgia. Years later, as Flannery is finishing a novel and tending to her menagerie of peacocks, her mother drags her to the wedding of a family friend. Cookie Himmel embodies every facet of Southern womanhood that Flannery lacks: she is revered for her beauty and grace; she is at the helm of every ladies' organization in town; and she has returned from her time in Manhattan with a rich fiancé, Melvin Whiteson. Melvin has come to Milledgeville to begin a new chapter in his life, but it is not until he meets Flannery that he starts to take a good hard look at the choices he has made. Despite the limitations of her disease, Flannery seems to be more alive than other people, and Melvin is drawn to her like a moth to a candle flame. Melvin is not the only person in Milledgeville who

starts to feel that life is passing him by. Lona Waters, the dutiful wife of a local policeman, is hired by Cookie to help create a perfect home. As Lona spends her days sewing curtains, she is given an opportunity to remember what it feels like to be truly alive, and she seizes it with both hands. Heartbreakingly beautiful and inescapably human, these ordinary and extraordinary people chart their own courses through life. In the aftermath of one tragic afternoon, they are all forced to look at themselves and face up to Flannery's observation that "the truth does not change according to our ability to stomach it."

As first lady of Kingdom Citizens Christian Center, Vivian Montgomery has it all: a beautiful home, lovely children, and a pastor husband who makes her shout hallelujah--and not just in church. There's no doubt Pastor Montgomery has a healthy appreciation for the Lord and for the pleasures of the flesh, namely his wife's flesh. If only Vivian's best friend, Tai, was so blessed. . . A first lady herself, Tai's husband, King, is pastor of Mount Zion Progressive Baptist Church. But with two affairs under his belt, Tai wonders just what "progressive" means. In fact, she strongly suspects her husband is at it again. Now, she can follow her mother-in-law's example and threaten to shoot any would-be-husband-stealing floozies, or she can take Vivian's advice and listen for God's instruction. But Tai's husband isn't the only one fighting temptation. . . "A spell-binding tale with some hilarious and righteous characters. Sex in the Sanctuary is a story about the power of forgiveness, how to forgive and the reason why we should forgive." -- The RAWSISTAZ Reviewers

International Workshop on Constraint Solving and Constraint Logic Programming, CSCLP 2009, held in Barcelona, Spain, in June 2009. The 9 revised full papers presented were carefully reviewed and selected for inclusion in this post-proceedings. The papers in this volume present original research results and applications of constraint solving and constraint logic programming in several domains. Among the issues addressed are solving argumentation frameworks, software consistency, modeling languages, static design routing, dynamic constraint satisfaction, and constraint-based modeling.

A 16-year-old boy who escapes a kidnapper thinks he can forget his trauma, but instead, he loses his grip on reality and believes he's part of an alternate world called Marbury. Sixteen-year-old Jack gets drunk and is in the wrong place at the wrong time. He is kidnapped. He escapes, narrowly. The only person he tells is his best friend, Conner. When they arrive in London as planned for summer break, a stranger hands Jack a pair of glasses. Through the lenses, he sees another world called Marbury. There is war in Marbury. It is a desolate and murderous place where Jack is responsible for the survival of two younger boys. Conner is there, too. But he's trying to kill them. Meanwhile, Jack is falling in love with an English girl, and afraid he's losing his mind. Andrew Smith has written his most beautiful and personal novel yet, as he explores the nightmarish outer limits of what trauma can do to our bodies and our minds. "An engrossing horror/fantasy hybrid...Nightmarish imagery is chillingly effective, and the pacing superbly builds suspense." -- Kirkus Reviews
