The real estate, stock, and private debt bubbles have already burst, and there is more trouble on the horizon. That's the hard truth that David Wiedemer, Robert Wiedemer, and Cindy Spitzer--the authors who accurately predicted the financial crisis of 2008--revealed in their books America's Bubble Economy in 2006, Aftershock in 2009, and the bestseller Aftershock, Second Edition in 2011.

Aftershock and Others is the third collection of short fiction by New York Times bestselling author F. Paul Wilson, hailed by the Rocky Mountain News as among the finest storytellers of our times. The title novelette won the Bram Stoker Award. Its companions touch on the past, present, and future--from the inflationary insanity of Weimar Germany (Aryans and Absinthe) to disco-club-era ...

~~Aftershock Second Edition Book—aurorawinterfestival.com~~

Fast forward to 2009 and the authors write their second book "Aftershock Version 1". What I found so interesting was that this book was not going to be sold by Amazon because of the last chapter that predicted what America would be like after the last two economic bubbles burst between 2011-2014(?). Banned from Amazon for an economic chapter and prediction of the future? That's what caused me ...

A practical guide to preparing for the next phase of the financial meltdown From the authors who were the first to predict Phase I of our current economic downturn-in their landmark 2006 book, America's Bubble Economy-comes their insightful sequel discussing their predictions for the next phase of the Bubble Economy. It may seem like the worst has come and gone, but it hasn't. With their proven track record of accurate predictions-which most financial professionals and economists missed-the authors explain how and why the next phase of the financial meltdown is about to hit. Things are not going back to how they were before. Instead, we are moving through uncharted territory, with new challenges and opportunities that few people can anticipate. Written in a straightforward and accessible style, Aftershock shows readers how to seek safety and profits in these dynamic economic conditions. Discusses how to protect assets, businesses, and jobs before and during the second wave of financial meltdown Provides clear and accurate advice on how to profit from the collapsing bubbles Offer focused guidance regarding real estate, which will continue to be a pressing concern for many The authors' first book was chosen by Kiplinger's as one of the 30 Best Business Books of 2006, and its accuracy has been hailed by Paul Farrell of Dow Jones MarketWatch when he said "America's Bubble Economy's Predictions, though ignored, were accurate." Don't miss out on these time tested author's proven advice for how to mange your money during the coming financial meltdown.

Never mix business with pleasure. Never bring politics into the bedroom. In a way I did both when I took Jackson Rutledge as a lover. I can't say I wasn't warned. Two years later, he was back. Walking into a deal I'd worked hard to close. Under the tutelage of Lei Yeung, one of the sharpest businesswomen in New York, I had picked up a thing or two since Jax walked away. I wasn't the girl he once knew, but he hadn't changed. Unlike the last time we'd drifted into each other's lives, I knew exactly what I was dealing with... and how addictive his touch could be. The inner circle of glamour, sex, and privilege was Jax's playground--but this time, I knew the rules of the game. In the cutthroat business world, one adage rules all: keep your enemies close and your ex-lovers closer...

Offers tips and information for protecting money and investments during a declining economy, including detailed investment advice, whether to buy or sell gold and silver, and how rising inflation can hurt investments.

When an earthquake strikes San Francisco, forensics expert Jessie Teska faces her biggest threat yet in this explosive new mystery from the New York Times bestselling duo There ' s a body crushed under a load of pipes on a San Francisco construction site, and medical examiner Dr. Jessie Teska is on call. So it ' s her job to figure out who it is—and her headache when the autopsy reveals that the death is a homicide staged as an accident. Jessie is hot on the murderer ' s trail, then an earthquake sends her and her whole city reeling. When the dust clears, her case has fallen apart and an innocent man is being framed. Jessie knows she ' s the only one who can prove it, and she races to piece together the truth—before it gets buried and brings her down in the rubble. With Melinek and Mitchell ' s trademark blend of propulsive prose, deft plotting and mordant humor, this rollicking new installment in the Jessie Teska Mystery series will shake you up and leave you rattled.

Analyzes the economic crisis while making recommendations for responsibly navigating its aftermath, suggesting that the downturn actually resulted from a disproportionate concentration of wealth at the expense of a debt-burdened middle class.

#1 New York Times Bestselling Author Sylvia Day, America's premier author of provocative fiction delivers the dramatic finale to a series set within the inner circle of glamour, sex and privilege. Now an original movie from PassionFlix. When it came to playing games, my lover Jax was a master strategist. He pulled strings behind the closed doors of D.C.'s most powerful political players, and somehow still found time to nearly sideline my career. What he didn't know was that when I didn't like the rules, I threw them out and made my own. I wasn't going to let Jax get away with it. I wasn't going to let him get away at all. I loved Jax enough that it was impossible to give up. Jax loved me enough that giving up was the only end he'd consider. He didn't think I could swim with the sharks. It was entirely my pleasure to show him that I'd already dived in...

In the tradition of *The Glass Castle*, a deeply felt memoir from Whiting Award – winner Nadia Owusu about the push and pull of belonging, the seismic emotional toll of family secrets, and the heart it takes to pull through. A Most-Anticipated Selection by * The New York Times * Entertainment Weekly * O, The Oprah Magazine * New York magazine * Vogue * Time * Elle * Minneapolis Star Tribune * Electric Literature * Goodreads * The Millions *Refinery29 * HelloGiggles * Young Nadia Owusu followed her father, a United Nations official, from Europe to Africa and back again. Just as she and her family settled into a new home, her father would tell them it was time to say their goodbyes. The instability wrought by Nadia ' s nomadic childhood was deepened by family secrets and fractures, both lived and inherited. Her Armenian American mother, who abandoned Nadia when she was two, would periodically reappear, only to vanish again. Her father, a Ghanaian, the great hero of her life, died when she was thirteen. After his passing, Nadia ' s stepmother weighed her down with a revelation that was either a bombshell secret or a lie, rife with shaming innuendo. With these and other ruptures, Nadia arrived in New York as a young woman feeling stateless, motherless, and uncertain about her future, yet eager to find her own identity. What followed, however, were periods of depression in which she struggled to hold herself and her siblings together. *Aftershocks* is the way she hauled herself from the wreckage of her life ' s perpetual quaking, the means by which she has finally come to understand that the only ground firm enough to count on is the one written into existence by her own hand. Heralding a dazzling new writer, *Aftershocks* joins the likes of Don ' t Let ' s Go to the Dogs Tonight and William Styron ' s *Darkness Visible*, and does for race identity what Maggie Nelson does for gender identity in *The Argonauts*.
