"Amico fragile" ["Frail friend"], also written entirely by De André, is a detached and cynical account, delivered through seemingly unconnected images in the form of a stream of consciousness monologue, of an evening De André spent with a group of friends, during which everybody (including himself) got drunk; the singer-songwriter was forced to sing in spite of him not really wanting to, and, in his intoxicated state, exposed all of his friends' vices and defects in an improvised bawdy ...

Amico fragile da un lato sembra rifiutare qualsiasi ipotesi conciliativa, di comprensione, di accettazione delle contraddizioni e dei limiti umani e sembra voler evadere in uno spazio onirico, ricercando l'obnubilamento del sé; d'altro canto, ribadisce ancora una volta la funzione "infinite" del canto ed esprime comunque la volontà di mettersi in gioco e in discussione così come continua ad affermare il valore della libertà e della ricerca.

"...e così 'Amico fragile' fu completato. Uscì, piacque. Ne andavo fiero e un, poco, per proprietà transitiva e per complicità fraterna, lo eri anche tu. Né avrei immaginato che, otto anni dopo, avrei dovuto aggiungervi un nuovo episodio. Fu nel gennaio del '99, tu avevi preso congedo dall'unica malattia, dicevi, da cui si guarisce sempre, la vita. Tornai dal tuo funerale stremato nell'animo, mi dissero che il libro sarebbe stato ripubblicato, mi concedevano poche ore per aggiornarlo. Scrisi tre nuovi capitoli, in una notte, le dita che dolevano, figuriamoci il cuore. Oggi "Amico fragile" rinasce, per la terza volta. Tu, tra una dozzina di mesi, compiresti settant'anni. Come saresti? Non diverso, credo, da com'eri nel '64, quando ci conoscemmo e io non sapevo nulla di te. Perché un artista, lo diceva Orio Vergani, può invecchiare fin che si vuole, e perfino morire. Ma ha sempre vent'anni."  
(Cesare G. Romana)

The similarities between the chanson française and the canzone d'autore have been often noted but never fully explored. Both genres are national forms which involve the figure of the singer-songwriter, both experienced their golden age of production in the post-World War II period and both are enduringly popular, still accounting for a large proportion of record sales in their respective countries. Rachel Haworth looks beyond these superficial similarities, and investigates the nature of the relationship

between the two genres. Taking a multidisciplinary approach, encompassing textual analysis of song lyrics, cultural history and popular music studies, Haworth considers the different ways in which French and Italian song is thought about, written about and constructed. Through an in-depth study of the discourse surrounding chanson and the canzone d'autore, the volume analyses the development of the genres' rules and rhetoric, identifying the key themes of Authority, Authenticity and Influence. The book finally considers the legacy of major artists, looking at modern perspectives on Georges Brassens, Jacques Brel, Léo Ferré, Fabrizio De André and Giorgio Gaber, ultimately affording a deeper understanding of the notions of quality and value in the context of chanson française and the canzone d'autore.

Made in Italy serves as a comprehensive and rigorous introduction to the history, sociology, and musicology of contemporary Italian popular music. Each essay, written by a leading scholar of Italian music, covers the major figures, styles, and social contexts of pop music in Italy and provides adequate context so readers understand why the figure or genre under discussion is of lasting significance to Italian popular music. The book first presents a general description of the history and background of popular music, followed by essays organized into thematic sections: Themes; Singer-Songwriters; and Stories.

Before his mysterious murder in 1975, Pier Paolo Pasolini had become famous—and infamous—not only for his groundbreaking films and literary works but also for his homosexuality and criticism of capitalism, colonialism, and Western materialism. In Pier Paolo Pasolini: Performing Authorship, Gian Maria Annovi revisits Pasolini's oeuvre to examine the author's performance as a way of assuming an antagonistic stance toward forms of artistic, social, and cultural oppression. Annovi connects Pasolini's notion of authorship to contemporary radical artistic practices and today's multimedia authorship. Annovi considers the entire range of Pasolini's work, including his poetry, narrative and documentary film, dramatic writings, and painting, as well as his often scandalous essays on politics, art, literature, and theory. He interprets Pasolini's multimedia authorial performance as a masochistic act to elicit rejection, generate hostility, and highlight the contradictions that structure a repressive society. Annovi shows how questions of authorial self-representation and self-projection relate to the artist's effort to undermine the assumptions of his audience and criticize the conformist practices that the culture industry and mass society impose on the author. Pasolini reveals the critical potential of his spectacular celebrity by using the author's corporeal or vocal presence to address issues of sexuality

and identity, and through his strategic self-fashioning in films, paintings, and photographic portraits he destabilizes the audience's assumptions about the author.
