Albert Einstein, the creator of both the Special and General Theories of Relativity, spent his golden years in search of the answer to the question; what is the nature of everything? The "Unified Field Theory" represents the quest to discover how everything is related in the universe; "Love Is the Nature of Existence" answers that question. The Jew determines how the rest of nature behaves; that includes you, your neighbor across the street, every molecule, as well as every atom. . Once anybody realizes this truth, he also becomes acquainted with the fact that he is no different from anything else; which would necessarily include the stars in the sky, not to mention the galaxies that spin around one another within the furthest dimensions of space. Be here, be now, believe in Love; nothing in existence is, can, or ever will be, beyond, behind, or outside, the truth. In other words, when there is no relativity, there can be no beginning or end within the confines of the Truth. Time, hence, can neither progress nor recede, but remains static, constant. Those who have achieved Self-realization describe the experience as living in the moment. Once it is recognized that time is non-existent, then it can be concluded that space cannot exist also; the elimination of time eradicates the possibility of space; then what is left? The answer is nothing; or nothingness, or, as He is more commonly referred to, God. Norman Mailer, the highly regarded novelist, journalist, playwright, among numerous other things, once described evil as God in exile; his description is absolutely one hundred percent correct. The Jew represents God's love, the way He connects with mankind. Man can choose to ignore, disregard, defame, defile, or eliminate the possibility of him having the chance to make an impression on the lives of others; on the other hand, The Lord, in all His wisdom, for the benefit of mankind, can extract him from the human population on Earth; either way, evil will then rule, and man will ruin himself as a consequence. Power is derived through understanding; the possibilities for humanity are now endless; that which mankind once described as indecipherable, ethereal, the unfathomable unknown, is no longer a mystery.
