Synopsis: Filled with updated task list theory, practice tests, and abundant, demonstrative graphics, this revised edition provides all the latest information required to sufficiently prepare technicians to pass each of the A1-A8 and L1 ASE certification exams. Each chapter begins with a pretest that indicates the depth of preparation required to become familiar with the information in the chapter, followed by a description of each ASE task and the must-have information related to the task. ASE-type questions at the end of each chapter appear in the same format as on actual ASE tests to further prepare users to pass each exam.

Automotive practical worksheets and assessments for students at Level 1 This Level 1 Student Worksheets book contains tasks that help you develop practical skills and prepare you for assessment. The tasks also reinforce the automotive theory that you will learn online and in the classroom. Each worksheet covers individual topics in a step-by-step manner, detailing how to carry out all of the most important tasks contained within the syllabus. Alongside each of these worksheets is a job card that can be filled in and used as evidence towards your qualification. Endorsed by the Institute of the Motor Industry for all of their Level 1 automotive courses. Step-by-step guides to the practical tasks required at all Level 1 qualifications. Job sheets for students to complete and feedback sheets for assessors to complete.
