As of today, they decided dismantling your operation was more important than containing the Bastogne Broach. Now you're dealing with the real professionals." Paul Tsabo: Bureauromancer. Political activist. Loving father. His efforts to decriminalize magic have made him the government's #1 enemy - and his fugitive existence has robbed his daughter of a normal life. Aliyah Tsabo-Dawson: Videogamemancer. Gifted unearthly powers by a terrorist's magic. Raised by a family of magicians, she's the world's loneliest teenager - because her powers might kill anyone she befriends. The Unimancers: Brain-burned zombies. Former 'mancers, tortured into becoming agents of the government's anti-'mancer squad. An unstoppable hive-mind. When Paul accidentally opens up the first unsealed dimensional broach on American soil, the Unimancers lead his family in a cat-and-mouse pursuit all the way to the demon-haunted ruins of Europe - where Aliyah is slowly corrupted by the siren call of the Unimancers...
