Bone Rider is hilarious alien B movie stuff - full of very unique ideas and action-packed. And, oh, this author knows how to write action scenes. Dense, gripping, in-your-face action that had me on the edge of my seat: Reading this really felt like watching a movie. Thankfully, J. Fally doesn't fall into the black-and-white trap.

Bone Rider eBook: Fally, J.: Amazon.co.uk: Kindle Store

Bone Rider. by J. Fally. 4.27 · Rating details · 1,748 ratings · 413 reviews. Riley Cooper is on the run. If a robot is programmed to obey your every need, wouldn't you take advantage? It's the future and every home in the US owns a manbot or fembot—robots designed to make life easier and obey an owner's every command. When Gray Benedict's friend Mitchell expresses a sexual interest in his manbot, George, it sets Gray to thinking about his own hotbot, Kavan, a six-foot-three powerhouse set to obey Gray's every whim. Gray doesn't want to take advantage of a machine but he's lonely and needs satisfying. Kavan makes it clear he's happy to serve and he carries detailed manuals on satisfying a human completely. Something about him is way too human though and he reaches Gray on a primal level. Soon the unthinkable is happening—Gray is falling for his manbot. When it's offered, what's a man in love supposed to do?

In an act of heroism and self-sacrifice, Anderson Rawn's sister saved him from the destruction of their tiny mining colony, but her actions condemned the thirteen-year-old to ten years of crushing loneliness on the hyperspace journey to a new home. Using electronics and desperation, Anderson creates a family to keep him company, but family isn't always a blessing.

When Shai receives text messages from Marlana, the love of her life, and reads them during class, her dramatic mother finds out what her A-student daughter's been doing behind her back and kicks her to the curb. Soon Shai becomes involved with an unusual group of friends in exotic Miami. Can a discarded free-thinker turn the corner into a world as wild, hilarious, and painful as her first love—and create a new kind of family? Bella Books is proud to bring the expanded Author's Edition of this best-selling Young Adult classic to print. Booklist **Starred Review** Sun-filled wonderland of friends, choices, broken hearts, honesty, family and love. – Alex Sanchez, *Rainbow Boys* Originally published by Harper Teen 2008. Revised edition 2021.

Successful web design teams depend on clear communication between developers and their clients—and among members of the development team. Wireframes, site maps, flow charts, and other design diagrams establish a common language so designers and project teams can capture ideas, track progress, and keep their stakeholders informed. In this all new edition of *Communicating Design*, author and information architect Dan Brown defines and describes each deliverable, then offers practical advice for creating the documents and using them in the context of teamwork and presentations, independent of methodology. Whatever processes, tools, or approaches you use, this book will help you improve the creation and presentation of your wireframes, site maps, flow charts, and other deliverables. The book now features: An improved structure comprising two main sections: Design Diagrams and Design Deliverables. The first focuses on the nuts and bolts

of design documentation and the second explains how to pull it all together. New deliverable: design briefs, as well as updated advice on wireframes, flow charts, and concept models. More illustrations, to help designers understand the subtle variations and approaches to creating design diagrams. Reader exercises, for those lonely nights when all you really want to do is practice creating wireframes, or for use in workshops and classes. Contributions from industry leaders: Tamara Adlin, Stephen Anderson, Dana Chisnell, Nathan Curtis, Chris Fahey, James Melzer, Steve Mulder, Donna Spencer, and Russ Unger. "As an educator, I have looked to Communicating Design both as a formal textbook and an informal guide for its design systems that ultimately make our ideas possible and the complex clear." —Liz Danzico, from the Foreword

A New York Times Bestseller An Indie Bestseller Perfect for fans of Marie Lu and E. Lockhart, *The Ones We're Meant to Find* is a gripping and heartfelt YA sci-fi with mind-blowing twists. Set in a climate-ravaged future, Joan He's beautifully written novel follows the story of two sisters, separated by an ocean, desperately trying to find each other. Cee has been trapped on an abandoned island for three years without any recollection of how she arrived, or memories from her life prior. All she knows is that somewhere out there, beyond the horizon, she has a sister named Kay, and it's up to Cee to cross the ocean and find her. In a world apart, 16-year-old STEM prodigy Kasey Mizuhara lives in an eco-city built for people who protected the planet—and now need protecting from it. With natural disasters on the rise due to climate change, eco-cities provide clean air, water, and shelter. Their residents, in exchange, must spend at least a third of their time in stasis pods, conducting business virtually whenever possible to reduce their environmental footprint. While Kasey, an introvert and loner, doesn't mind the lifestyle, her sister Celia hated it. Popular and lovable, Celia much preferred the outside world. But no one could have predicted that Celia would take a boat out to sea, never to return. Now it's been three months since Celia's disappearance, and Kasey has given up hope. Logic says that her sister must be dead. But nevertheless, she decides to retrace Celia's last steps. Where they'll lead her, she does not know. Her sister was full of secrets. But Kasey has a secret of her own.

In a world where the League and its assassins rule, where betrayal and treachery are everywhere, the only survivors are those ones who are...born of shadows. For Cailen Dagan, a defiant soldier of fortune, survival isn't a right, it's a brutal daily battle. Moving through the Ichidaian universe like a wraith, his brushes with the law and death are legendary. But when an act of rare heroism reveals his hidden birthright, he's forced into a world much more dangerous and cold-hearted than the bloody streets where he was raised—one of obscene wealth and lethal politics. Ferocious and determined, Desideria serves as an official bodyguard for her queen. Born of questionable genetics, she will do anything to prove herself worthy of the weapons she carries and the position she's won by combat. But when she uncovers a ruthless plot to assassinate the queen and overthrow her country's government, Desideria is caught in the crosshairs. With assassination contracts out on both of them, Cailen and Desideria must learn to fight together or die alone. And if they fail, their governments will fall into the hands of an unimaginable evil.

Liam loves his life as a linguist and trader on the Rownt homeworld, but he has ignored his heart and sexual needs for years. After escaping the horrors of war, he wants a boring life. He won't risk letting anyone come too close because he won't risk letting anyone see his deeply submissive nature. For him, submission comes with pain. Life burned that lesson into his soul from a young age. This fear keeps him from noticing that the Rownt trader Ondry cares for him. Ondry may not understand humans, but he recognizes a wounded soul, and his need to protect Liam is quickly outpacing his common sense. They may have laws, culture, and incompatible genitalia in their way, but Ondry knows that he can find a way to overcome all that if he can just overcome the ghosts of Liam's past. Only then can he take possession of a man he has grown to respect.

Annabel thinks her mom has the best life. If she were a grown-up, she could do whatever she wanted! Then one morning she wakes up to find she's turned into her mother . . . and she soon discovers it's not as easy as it looks! Disney brings this popular and funny favorite to the silver screen in a new, totally modern story, starring Jamie Lee Curtis and Lindsay Lohan.

Not all magicians go to schools of magic. Adam Binder has the Sight. It's a power that runs in his bloodline: the ability to see beyond this world and into another, a realm of magic populated by elves, gnomes, and spirits of every kind. But for much of Adam's life, that power has been a curse, hindering friendships, worrying his backwoods family, and fueling his abusive father's rage. Years after his brother, Bobby, had him committed to a psych ward, Adam is ready to come to grips with who he is, to live his life on his terms, to find love, and maybe even use his magic to do some good. Hoping to track down his missing father, Adam follows a trail of cursed artifacts to Denver, only to discover that an ancient and horrifying spirit has taken possession of Bobby's wife. It isn't long before Adam becomes the spirit's next target. To survive the confrontation, save his sister-in-law, and learn the truth about his father, Adam will have to risk bargaining with very dangerous beings ... including his first love.

Agent Luke Bennett proved that humans could rise just as high in the ranks as their vampire colleagues—until a kidnapper held him captive for a year and turned him without his consent.
