Hal and the other Herons were charged with protecting the Skandian's sacred artifact, the Andomal, but when it is stolen they have to endure storms at sea, a cold winter, and a battle with bandits in their efforts to recover the relic.

Determined to recover the Adomal and to prevent the pirate Zovac from doing more harm, Hal and his crew pursue Zovac to the fortress of Ragusa where Hal will have to face the pirate one-on-one in a fight to the finish.

Hal, who does not fit into Skandian society, ends up in a brotherband, a group of boys learning the skills that they need to become warriors, with other outcasts, and they compete with other brotherbands in a series of challenges.

With their honor restored, Hal and his fellow Herons leave Skandia again on a new mission--to track down and stop Hal's nemesis, Tursgud, a bullying youth-turned vicious pirate and slave trader.
