The text presents the basic tools of international economics analysis clearly, consistently and comprehensively. By providing applications that relate to actual events, students learn to use the tools soundly and confidently to analyze the world economy. Students will develop a sense of the broad range of challenging and exciting issues that arise in the international economic arena.

The connection between international economics and your daily life is greater than you might think. THE WORLD ECONOMY: TRADE AND FINANCE is the most accurate, balanced, and user-friendly textbook available. And, at the end of every chapter you'll see at least three examples of how economic issues are impacting your life as a student and a citizen. Whether you need a great grade in the class or an economics textbook you'll use again and again, make THE WORLD ECONOMY: TRADE AND FINANCE your choice to help you succeed.

Exploring regionalism from a political economic perspective, this text investigates why regional arrangements are formed, the conditions under which these arrangements solidify, and why they take on different institutional forms.

By presenting the fundamentals of international economics clearly with a strong presentation of theory, policy and applications, The World Economy: Trade and Finance is an excellent choice for a broad range of trade and finance courses with an international economic focus. This text is believed to be the most technically accurate text available on the market. Yarbrough and Yarbrough's mission with this text is to allow the student to discover how key economic tools will help them understand international issues that affect them daily. At the end of each chapter you will find 3 to 5 cases to allow the instructor to bring in more applied material into the theoretical discussion.
