This is a bold book by James Altucher because he not only gives you a new map for the new financial landscape, but he also has skin in the game. This is the first financial book in which the author REVEALS HOW HE, PERSONALLY, MAKES HIS OWN MONEY. We are living in an epic period of change, danger and opportunity. The economy is crashing and booming every few years. People are getting fired and replaced by computers and Chinese workers. The stock market crashes with regularity. Every "fix" from the government makes things worse. The Old World has been demolished... and people are

desperate for answers. James Altucher's "The Choose Yourself Guide To Wealth" contains those answers. This is the field guide to the "New World" we live in. You can play by the old rules and get left behind, or you can use these new ideas and become wealthy. This is not a book for the faint of heart. Read at your own risk, because sometimes the truth is hard to take. But for those who are ready to hear, James provides an updated map of the new territory for generating wealth and freedom. This book is the eye-opener of the century, it is the guide to building, keeping, and investing your money and breaking free from the chains of rusted, old thinking.

These are the raw, best-written stories of James Altucher as he rides the roller coaster of wealth, poverty, abundance, romance, tragedy, comedy, and everything in between. From the depths of despair to revelation and honesty, these stories are James at his best in writing and rawness. He kept these stories under wraps until now.

In a career that spanned nearly five decades, Dorothy Fields penned the words to more than four hundred songs, among them mega-hits such as "On the Sunny Side of the Street," "I Can't Give You Anything But Love," "The Way You Look Tonight," and "If My Friends Could See Me Now." While Fields's name may be known mainly to connoisseurs, her contributions to our popular culture--indeed, our national consciousness--have been remarkable. In Pick Yourself Up, Charlotte Greenspan offers the most complete, serious treatment of Fields's life and work to date, tracing her rise to prominence in a male-dominated world.

I've reinvented my career, my interests, my life, many times over the past twenty years. This is the book I wish I had at the beginning of that long and often volatile journey. I found when I outsourced my self-esteem to only one outcome, disaster resulted. Reinvention was the key to ensuring that the outcomes in life were positive ones. And now the entire world: technology, governments, the shifting landscapes of opportunity and success, are all turning upside down, forcing us to reinvent as individuals and as a culture. Along my own journey I have read and encountered dozens of other successful leaders, artists, entrepreneurs, and mentors who I have learned the art of reinvention from. The journey has been intense. The obstacles were hard fought. And the adventures that led to me now finally sharing it all in this book has been both painful and exhilarating. I describe specific techniques, share stories, tell the stories of others, and give the ultimate guide to not only how but why it is critical for people to master the skills of reinvention. What I've learned: change is the only constant. Companies decay, technologies disappear, governments change, relationships change and opportunity is a shifting landscape. Reading the stories and learning the critical skills taught in Reinvent Yourself is how I found my own way through the chaos of change and onto the path of new opportunity and success. Again, this is the book I wish I had in my hands twenty years ago although I am glad that I am writing it now.

When love transforms your relationship with yourself, it transforms your personal life, your work, and the world. When your birth includes a near-death experience, you know you are in for a wild ride. A fifty-five-year roller coaster of triumph and burnout led to finding my life purpose more than five decades later. Mine is a story of hope. Yours can be too. As a board-certified empowerment coach, organization transformation consultant, Reiki master teacher, artist, author, and broadcast personality, I have pursued a lifelong passion for the transformative power of love. I help individuals and organizations learn to harness that power to step into their greatness. When we choose fear as our fuel, any of us individuals and organizations alike can become stuck in the hamster wheel approach to life. Trapped by the mistaken belief that busyness is the same as purpose, we can't stand the way we're living but feel powerless to change. As we work together, my clients discover what I discovered: when you fall in love with yourself, everything else falls into place, personally and professionally. Choosing love as your core energy automatically enhances every aspect of your life: your perceptions, opportunities, relationships, and priorities. You get unstuck, reclaim your personal power, and recapture your zest for living, moving yourself forward into a life you love. Instead of choosing to live as a victim of circumstance, consider embracing the power of loving yourself unconditionally through insights, encouragement, clear strategies, and practical tools built on my personal journey, including a sustained eighty-pound weight loss, freedom from a ten-year bout of debilitating depression, and finding my purpose sharing hope, possibilities, and empowerment with the world; living in flow, a fluid journey to wholeness grounded in who you are being not what you are doing; the Discovery Framework that grew out of my experience, including core energy, sensory balance, and your personal board of directors; and Lessons in Living inspired by the journeys of my clients.
