Paradise or wasteland--the wilderness has always been a challenge to Westerners. Wilderness and Paradise in Christian Thought traces the exciting theme of the quest for the wilderness--both physical and metaphysical--to create a new and important perspective for understanding Christian civilization. With a wealth of knowledge, a renowned historian presents the biblical understanding of the religious and ethical significance of the desert and how this understanding has influenced later Christian history and culture. Dr. Williams specifically applies the paradise theme to the university today and shows the continuing vitality of this ancient concept.

"Often considered alienated from mainstream culture and consigned to negative environments, Afro-American writers have created alternative spatial and geographical metaphors to develop a positive sense of individual and cultural identity. Melvin Dixon demonstrates how three principal figures of the land--the wilderness, the underground, and the mountaintop--have become places of refuge and cultural revitalization for the performance of identity, from early slave songs and fugitive narratives to modern and contemporary fiction"--Jacket.

A compilation of addresses delivered by Booker T. Washington to the students of the Tuskegee Institute. Published in 1902, these addresses provide additional insight into the accommodating practices and economic expertise of this member of the last generation of black leaders born into slavery.

A Vintage Shorts "Short Story Month" Selection James Baldwin's commanding prose remains as pressing in its compassionate portrayal of marginalized figures today as it was during the peak of the Civil Rights Movement. In
