Contemporary Mathematics for Business and Consumers is an adventure into today's business world of the new millennium and it's associated mathematical procedures. The book is designed to provide solid mathematical preparation and foundation for students going on to courses and careers in accounting, marketing, retailing, banking, office administration, finance, insurance, real estate, and business administration. In addition, it is ideal for use in small businesses or for personal consumer needs. This is not just a textbook, but a "reference manual" for consumers and business persons alike.

Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. Contemporary Business Mathematics with Canadian Applications, 12e, is a teaching text using problem-identification and problem-solving approaches. The systematic and sequential development of the material is illustrated by examples that show a step-by-step approach to solving the problem. The detailed solutions are presented in a visually clear and colorful layout that allows learners to monitor their own progress in the classroom or in independent study. You are purchasing a stand alone product. If you are interested in MyLab Math, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab Math, search for: 0135405874 / 9780135405871 Contemporary Business Mathematics with Canadian Applications Plus MyLab Mathematics with Pearson eText -- Access Card Package, 12/e
