Jeff Deeney of Pro Football Focus provided grades for several members of the 49ers, including how Lance fared in his first start.

Milliken's Reading Well! series provides teachers and parents with a wide variety of activities to use at home or in the classroom to enhance your reading program. Reading materials and styles of writing include realistic fiction, biography, poetry, fantasy, informational articles, myths, legends, tall tales, and plays or skits. The comprehension activities have been selected to provide opportunities for students to practice a variety of reading skills. A list of comprehension skills for all grade levels is included on the Reading Comprehension Chart on page 1. A variety of assessment rubrics helps you track progress in achieving those skills. Each book in the series is sequential, allowing students to build on skills previous learned. The various levels available allows you to select the one most appropriate for an individual student or class.

Math Contests is a collection of actual contests given to more than one million students across North America.

This updated edition presents ten strategies for solving a wide range of mathematics problems, plus new sample problems.

This is a collection of 15 math contests that were administered to students in grades 4, 5, and 6.

Lesson plan books for classroom teachers to be able to provide a whole year, complete program of physical education for each grade level, K-6. All activities are standard based and follow a sequence so classroom teachers can follow the progression without having to spend a lot of time trying to decide what to teach next. Each game, skill, or fitness activity is labeled for its appropriate grade level, and the standard it meets, so the teacher is confident in providing a program his/her students will enjoy. It's all been done for the classroom teacher. All he/she has to do is follow the book. In print book format, and ebook format, two editions are available. K-3rd Grade, and Grades 4-6. About the author Carol Jahan is a physical education specialist with over 20 years experience teaching this complete program of physical education for grades K-6. She has developed and taught these programs and helps classroom teachers by providing lesson plans that are easy to follow and teach. She has written these lesson plan books for classroom teachers to follow, and also add their own activities through the school year, to provide a complete program of physical education for their grade level.
