Make smart business decisions! Recognizing that most students will become managers, and not accountants, Jiambalvo's Managerial Accounting, Second Edition focuses on the knowledge and skills that managers need to make good business decisions. Students and instructors alike have praised the clear and concise writing style – discussions are to the point, ideas are illustrated, and examples are presented to make the ideas concrete. Before you buy, make sure you are getting the best value and all the learning tools you'll need to succeed in your course. If your professor requires eGrade Plus, you can purchase it now at no additional cost. With this special eGrade Plus package you get the new text — no highlighting, no missing pages, no food stains — and a registration code to eGrade Plus, a suite of effective learning tools to help you get a better grade. All this, in one convenient package! eGrade Plus gives you: A complete online version of the textbook Over 1,500 problems from the end-of-chapter problem sets and test bank 2 self-assessment tests per chapter One Demonstration Problem per chapter (a worked out end-of-chapter problem that steps students through that chapter's key concepts) Cases, which promote critical thinking and decision-making skills Learning objectives for each chapter eGrade Plus is a powerful online tool that provides students with an integrated suite of teaching and learning resources and an online version of the text in one easy-to-use website.

Building on the success of the best-selling Fundamental Accounting Principles text, authors John Wild, Ken W. Shaw, and Barbara Chiappetta created Financial and Managerial Accounting: Information for Decisions to provide a corporate perspective and balanced coverage in this growing course area. With its step-by-step approach, FinMan streamlines complex accounting processes and helps students build confidence by mastering key concepts and procedures. Chapter opening vignettes using dynamic entrepreneurs appeal to all students and show the relevance of accounting. Students are encouraged to think like a businessperson and apply what they learn. A wide variety of assignments provide instructors with materials to teach, assess, and challenge students on several levels. Join your colleagues and the students that have used this best-selling learning system to advance their education and careers.

Managerial Accounting: Tools for Business Decision Making, 7th Edition by Weygandt, Kimmel, and Kieso provides students with a clear introduction to fundamental managerial accounting concepts. The Seventh Edition helps students get the most out of their accounting course by making practice simple. Both in the print text and online in WileyPLUS with ORION new opportunities for self-guided practice allow students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content, and the practice, homework, and assessments questions. Weygandt, Managerial Accounting is a best-selling program ideal for a one semester undergraduate Managerial Accounting Course that focuses on teaching students the core concepts. *WileyPLUS with ORION is sold separately from the text.

Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and

more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

Financial Accounting: Information for Decisions, addresses the topics and issues typically covered in the financial accounting course, while at the same time motivating student interest in accounting through its extensive use of entrepreneurial examples, application of analysis skills, integration of online course management, and a highly engaging pedagogical design. This title thoroughly integrates ideas and practices followed by today's business entrepreneurs, speaking more directly to students and better preparing them to enter the work force.

This work takes a real-world, single focus company approach in every chapter. The decision-making focus shows the relevance of financial accounting regardless of whether the student has chosen to major in accounting.

Building on the success of the best-selling Fundamental Accounting Principles text, authors John Wild, Ken W. Shaw, and Barbara Chiappetta created Financial and Managerial Accounting: Information for Decisions to provide a corporate perspective and balanced coverage in this growing course area.
