'Dark mode' refers to the colour theme of an app. While a lot of apps, such as Facebook, have white themes by default, dark mode essentially inverts the colours.

Originally published: New York: Doubleday, 2016.

NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of The Dark Side, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump's victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats-headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the

nation. Dark Money is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

LONGLISTED FOR THE 2016 GOODREADS CHOICE AWARDS, BEST NONFICTION A LITHUB BOOK OF THE DECADE The US is one of the largest democracies in the world – or is it? America is experiencing an age of profound economic inequality. Employee protections have been decimated, and state welfare is virtually non-existent, while hedge-fund billionaires are grossly under-taxed and big businesses make astounding profits at the expense of the environment and of their workers. How did this come about, and who are the driving forces behind it? In this powerful and meticulously researched work of investigative journalism, New Yorker staff writer Jane Mayer exposes the network of billionaires trying to buy the US electoral system – and succeeding. Led by libertarian industrialists the Koch brothers, they believe that taxes are a form of tyranny and that government oversight of business is an assault on freedom. Together, they have spent hundreds of millions of dollars in unencing politicians and voters, and hijacking American democracy for their own ends. Dark Money brilliantly illuminates a shady corner of US politics. It is essential reading for anybody interested in the future of democracy. PRAISE FOR JANE MAYER 'Indispensable.' The Guardian 'Persuasive, timely and necessary.' The New York Times

The Sunday Times bestseller. 'A compulsively readable, carefully researched account of how a malignant combination of rightwing ideology, secretive money (much of it from the US) and weaponisation of social media have shaped contemporary British (and to a limited extent, European) politics ... Remarkable' Observer, Book of the Week Democracy is in crisis, and unaccountable and untraceable flows of money are helping to destroy it. This is the story of how money, vested interests and digital skulduggery are eroding trust in democracy. Antiquated electoral laws are broken with impunity, secretive lobbying is bending our politics out of shape and Silicon Valley tech giants collude in selling out democracy. Politicians lie gleefully, making wild claims that can be shared instantly with millions on social media. Peter Geoghegan is a diligent, brilliant guide through the shadowy world of dark money and digital disinformation stretching from Westminster to Washington, and far beyond. Praise for Democracy for Sale: 'Thorough, gripping and vitally important' Oliver Bullough 'A brilliant description of the dark underbelly of modern democracy. Everyone should read it' Anne Applebaum 'A compelling and very readable story of the ongoing corruption of our government and therefore ourselves' Anthony Barnett 'As urgent as it is illuminating' Fintan O'Toole 'This urgent, vital book is essential reading for anyone who wants to make sense of our politics' Carole Cadwalladr 'This forensic and highly readable book shows how so many of our democratic processes have moved into the murky, unregulated spaces of globalisation and digital innovation' Peter Pomerantsev 'A call to arms for all those who value democracy' The Herald 'Geoghegan's words are those of someone who is prepared to keep fighting to defend and revitalise what shadows of democracy still remain' Scotsman

"Reveals a political trend that threatens both our form of government and our species." – Timothy Snyder, author of ON TYRANNY "Riveting.... Want to understand how so many Americans turned against truth? Read this book." Nancy Maclean, author of DEMOCRACY IN CHAINS In 1981, emboldened by Ronald Reagan's election, a group of some fifty Republican operatives, evangelicals, oil barons, and gun lobbyists met in a Washington suburb to coordinate their attack on civil liberties and the social safety net. These men and women called their coalition the Council for National Policy. Over four decades, this elite club has become a strategic nerve center for channeling money and mobilizing votes behind the scenes. Its secretive membership rolls represent a high-powered roster of fundamentalists, oligarchs, and their allies, from Oliver North, Ed Meese, and Tim LaHaye in the Council's early days to Kellyanne Conway, Ralph Reed, Tony Perkins, and the DeVos and Mercer families today. In Shadow Network, award-winning author and media analyst Anne Nelson chronicles this astonishing history and illuminates the coalition's key figures and their tactics. She traces how the collapse of American local journalism laid the foundation for the Council for National Policy's information war and listens in on the hardline broadcasting its members control. And she reveals how the group has collaborated with the Koch brothers to outfit Radical Right organizations with state-of-the-art apps and a shared pool of captured voter data – outmaneuvering the Democratic Party in a digital arms race whose result has yet to be decided. In a time of stark and growing threats to our most valued institutions and democratic freedoms, Shadow Network is essential reading.

NEW YORK TIMES BESTSELLER * NEW YORK TIMES NOTABLE BOOK OF 2019 * WINNER OF THE J ANTHONY LUKAS WORK-IN-PROGRESS AWARD * FINANCIAL TIMES' BEST BOOKS OF 2019 * NPR FAVORITE BOOKS OF 2019 * FINALIST FOR THE FINACIAL TIMES/MCKINSEY BUSINESS BOOK OF 2019 * KIRKUS REVIEWS BEST BOOKS OF 2019 * SCHOOL LIBRARY JOURNAL BEST BOOKS OF 2019 "Superb...Among the best books ever written about an American corporation." –Bryan Burrough, The New York Times Book Review Just as Steve Coll told the story of globalization through ExxonMobil and Andrew Ross Sorkin told the story of Wall Street excess through Too Big to Fail, Christopher Leonard's Kochland uses the extraordinary account of how one of the biggest private companies in the world grew to be that big to tell the story of modern corporate America. The annual revenue of Koch Industries is bigger than that of Goldman Sachs, Facebook, and US Steel combined. Koch is everywhere: from the fertilizers that make our food to the chemicals that make our pipes to the synthetics that make our carpets and diapers to the Wall Street trading in all these commodities. But few people know much about Koch Industries and that's because the billionaire Koch brothers have wanted it that way. For five decades, CEO Charles Koch has kept Koch Industries quietly operating in deepest secrecy, with a view toward very, very long-term profits. He's a genius businessman: patient with earnings, able to learn from his mistakes, determined that his employees develop a reverence for free-market ruthlessness, and a master disrupter. These strategies made him and his brother David together

richer than Bill Gates. But there's another side to this story. If you want to understand how we killed the unions in this country, how we widened the income divide, stalled progress on climate change, and how our corporations bought the influence industry, all you have to do is read this book. Seven years in the making, Kochland "is a dazzling feat of investigative reporting and epic narrative writing, a tour de force that takes the reader deep inside the rise of a vastly powerful family corporation that has come to influence American workers, markets, elections, and the very ideas debated in our public square. Leonard's work is fair and meticulous, even as it reveals the Kochs as industrial Citizens Kane of our time" (Steve Coll, Pulitzer Prize-winning author of Private Empire).

The US is one of the largest democracies in the world - or is it? America is experiencing an age of profound economic inequality. Employee protections have been decimated, and state welfare is virtually non-existent, while hedge-fund billionaires are grossly under-taxed and big businesses make astounding profits at the expense of the environment and of their workers. How did this come about, and who are the driving forces behind it? In this powerful and meticulously researched work of investigative journalism, New Yorker staff writer Jane Mayer exposes the network of billionaires trying to buy the US electoral system - and succeeding. Led by libertarian industrialists the Koch brothers, they believe that taxes are a form of tyranny and that government oversight of business is an assault on freedom. Together, they have spent hundreds of millions of dollars influencing politicians and voters, and hijacking American democracy for their own ends. Dark Money brilliantly illuminates a shady corner of US politics. It is essential reading for anybody interested in the future of democracy

The passage of Citizens United by the Supreme Court in 2010 sparked a renewed debate about campaign spending by large political action committees, or Super PACs. Its ruling said that it is okay for corporations and labor unions to spend as much as they want in advertising and other methods to convince people to vote for or against a candidate. This book provides a wide range of opinions on the issue. Includes primary and secondary sources from a variety of perspectives; eyewitnesses, scientific journals, government officials, and many others.

Now a New York Times Best Seller and a National Book Award finalist. Charged with racial, sexual, and political overtones, the confirmation of Clarence Thomas as a Supreme Court justice was one of the most divisive spectacles the country has ever seen. Anita Hill's accusation of sexual harassment by Thomas, and the attacks on her that were part of his high-placed supporters' rebuttal, both shocked the nation and split it into two camps. One believed Hill was lying, the other believed that the man who ultimately took his place on the Supreme Court had committed perjury. In this brilliant, often shocking book, Jane Mayer and Jill Abramson, two of the nation's top investigative journalists examine all aspects of this controversial case. They interview witnesses that the Judiciary Committee chose not to call, and present documents never before made public. They detail the personal and professional pasts of both Clarence Thomas and Anita Hill and lay bare a campaign of lobbying, public relations, and character assassination fueled by conservative power at its most desperate. A gripping high-stakes drama, Strange Justice is not only a definitive account of the Clarence Thomas nomination hearings, but is also a classic casebook of how the Washington game is played by those for whom winning is everything.
