“A kingdom man is the kind of man that when his feet hit the floor each morning the devil says, ‘Oh crap, he’s up!’” So begins this powerful volume from Dr. Tony Evans, now in softcover. Tony believes that God wants every man to be a world-changer. He skillfully takes readers along a journey through the principles of biblical manhood, exploring how those who live, work, and minister around a kingdom man benefit from his leadership and care. Men will be challenged to fully understand their position under God as well as their position over what God has given them. Equipped with these concepts, they can actively pursue ways to maximize and develop the character qualities of biblical manhood in their lives. As Tony contends, the enemy doesn’t want you to know it, but you’re not the man you think you are. You’re a whole lot more. Starting now, you can be a kingdom man.

God is good and powerful and wants the best for your life. He has big plans for you. You believe these things are true. But what is your own responsibility as a man when it comes to becoming all God created you to be? How can you walk in victory and faith and make an impact on others for God? Kingdom Men Rising challenges men to foster personal discipleship and apply discipleship skills and a leadership mindset to all areas of life. Dr. Tony Evans brings his insights, stories, and wise counsel from God's Word to clear all obstacles in your path, leading you to the abundant life you've been called to live. And along the way, you'll find your heart stirred to reach for more, no longer settling for a faith that just goes through the motions. The life of King David is used as the book's foundation, and topics include overcoming temptation, restoration from sin, how to disciple others, and finally how to leave a legacy of faith and godly influence. Replace helplessness, boredom, and regret with vibrancy, power, and joy. Let Kingdom Men Rising help you take the next step in your faith to become the powerful man of God you were made to be.

Africa's plight is no doubt, presently, a concern of notable political and business leaders across the world. I believe this is Africa's time and age in which Africans, African leaders and the rest of the world must put their hands on the plough. And in the natural impossibility of having more than two hands per human, the legs of all must be engaged to follow their hearts. Now is the best time for anyone to help walk Africa out of misery while Africans do the bulk of the work themselves. Using Nigeria as a model, this book proves that free enterprise will help Africa do for itself if empowered far beyond what the world can do for her. OTHER SECTIONS INSIDE INCLUDE: 1. Questions to ask ourselves about our talents, visions and what we really want in life. With insights on Money, Love, Work and Time. 2. Inspiration and motivation for the-would-be entrepreneur and business owner, with powerful business and success secrets to learn from: J.D Rockefeller, Soichiro Honda, Conrad Hilton, Ray Kroc, T.D Jakes, Thomas Edison etc. 3. A recommended reading list that will help you maintain the cutting edge vital to success in business and life in general.
