Derek Walcott's Omeros is a poem in five books, of circular narrative design, titled with the Greek name for Homer, which simultaneously charts two currents of history: the visible history charted in events -- the tribal losses of the American Indian, the tragedy of African enslavement -- and the interior, unwritten epic fashioned from the suffering of the individual in exile.

Beginning with the spectacle of hysteria, moving through the perversions of fetishism, masochism, and sadism, and ending with paranoia and psychosis, this book explores the ways that conflicts with the Oedipal law erupt on the body and in language in Chaucer's *Canterbury Tales*, for Chaucer's tales are rife with issues of mastery and control that emerge as conflicts not only between authority and experience but also between power and knowledge, word and flesh, rule books and reason, man and woman, same and other – conflicts that erupt in a macabre sprawl of broken bones, dismembered bodies, cut throats, and decapitations. Like the macabre sprawl of conflict in the *Canterbury Tales*, this book brings together a number of conflicting modes of thinking and writing through the surprising and perhaps disconcerting use of “shadow” chapters that speak to or against the four “central” chapters, creating both dialogue and interruption.

She's Yours For The Taking: A Man's Guide to the Seduction and Sexual Enchantment of Women goes beyond the juvenile notion of just "picking up women". It's a complete Dating and Mating Handbook that a man can refer to at every step along the way to seduction: from how to first engage a woman in a manner that makes an intriguing impression on her... to guiding her straight into his arms by feeding her the proper romantic signals that she craves at every step along the way. And it's all done with paint-by-numbers ease! To begin, SYFT presents a very low-pressure cold-meeting move called Pull Tapping. This easy-going, casual socializing technique will equip you with a solid plan of social action that can be stored away in your head all ready to spring into action. It's especially effective for making hay with those sudden "gotcha" chances to meet women that happen when you least expect them... at the mall, in school or even out on the street. Pull Tapping shows you how to flirt in an appropriate and friendly manner that can capture a woman's immediate interest -- and without having to hang your Ego out to dry in the process! Pulling a phone number will seem like a natural extension of the flirt, rather than an awkward intrusion into her life. Then you'll learn about the Three Date Master

No matter what your current level of social or romantic skill, SYFT will show you how to take it to the next level and turn any girl that you've got your eye on into the girl of your dreams.
