Fifteen years ago,
Mama said, starting her
story, I came to Lagos
from Ghana. I came to
Nigeria because I was
considered an alien in
that country. The
government of Ghana
passed a law asking all
aliens without resident

their stay in the country'. This story of migration, identities and lives undermined by cynical and xenophobic politics pushed to its logical and terrible conclusion pertains to the Ghanaian orders of 'alien compliance' issued in 1970-1971, which determined to force all non-ethnic Ghanaians, so called

illegal immigrants, to return to their - so stipulated - 'home'. The novel thus touches on concerns of deeper relevance to the politics of race and migration of the twenty first century.

This book provides a complete background on metaheuristics to solve complex bi-level optimization problems

Download Free New School

(continuous/discrete, mono-objective/multi-objective) in a diverse range of application domains. Readers learn to solve large scale bi-level optimization problems by efficiently combining metaheuristics with complementary metaheuristics and mathematical programming
