Andrew Wommack uncovers the traditions and misconceptions in prayer that often bring more suffering than good! In finding out how Jesus taught us to pray, we can bring joy back into our relationship with God. Many people, who truly love God with all of their heart, find it difficult to pray as they have been taught. And their once-vibrant relationship with the Lord had become stifled, mechanical, and lifeless. What they don't understand is that prayer is an opportunity to have communion with God-fellowship with the Father. Of course it includes requests because we need help from our Father every day, but it also includes a connection and friendship with God. Readers may find it amazing that God would talk with them just as a friend, but His greatest desire is for His children to know Him in much the same, intimate way as He knows them. After 30 years of ministry, Andrew Wommack has discovered some important things about prayer including what prayer is and what it is not. Readers will uncover the traditions and misconceptions in prayer and discover true and meaningful communion with God through Jesus' example of prayer. More importantly, they'll come to know a new, profound joy and fulfillment in their relationship with God, receiving the answers they need. The subject of prayer has been touched on many times through classic and current authors, but Andrew Wommack brings a fresh approach to prayer by defuncting the common traditions that make prayer laborious and lifeless. In much the same style as Tommy Tenny's The God Chasers and Jim Cymbala's Fresh Wind, Fresh Fire, readers will be thrilled to find a God who desires to talk with them anytime, whenever they are open and willing. Readers will learn to develop vibrant, open communication with the Father all throughout their day.

The Word of God is like a seed and your heart is the soil. Most Christians want change in some area of their lives. They try and try to make those changes but soon find themselves falling back into the same habits and behaviors. Self-discipline and self-control have once again failed them. So how does lasting change take place? A worm doesn't struggle to become a butterfly in the cocoon. A seed doesn't strive to become a tree and produce fruit. They simply do what they were designed to do by god and the change takes place, effortlessly. The Word of God is like a seed and your heart is the soil. When it's planted and nurtured in the soil of your heart, it begins to grow. The result is transformation; and the fruit becomes evident to all. If you want real change in your life, this book is for you.

Difficult situations have a way of revealing the heart. Extreme financial pressure, a broken family relationship, or the death of a loved one may be a crisis to one person, while to another, an opportunity to prove the power of God's Word. What's the difference? That's the question Andrew will answer in this book. He speaks straight to the heart of the matter and clearly teaches how two people facing the same set of pressing circumstances can respond very differently. You'll learn what the Bible means when it says, "I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me," and how that knowledge can change the way you respond in a crisis. Love, joy, and peace can be yours, even in the worst of situations.

Health is something everyone wants. Billions of dollars are spent each year trying to retain or restore health. It is a basic desire of all mankind. Anyone who likes sickness must be mentally sick! Yet, religion has told us that God is the one who wants us sick. It even tries to make us believe that sickness is a blessing. That's just not true. God wants you well. Healing is in Christ's Atonement. Jesus died for our health just as much as He died for the forgiveness of our sins. This has to be the foundation of our faith for healing. Many Scriptures relate the healing of our bodies and the forgiveness of our sins in the same verse. Jesus went about healing all who were oppressed of the devil and told us to do the same. Jesus hasn't changed, it's the people who represent Him who have changed. What about Paul's thorn in the flesh? It is commonly believed that the apostle Paul had a sickness for which he besought the Lord for healing three times, and the Lord wouldn't heal him. From that assumption, people teach that God sometimes wants us sick. In this book, Andrew reveals what Paul's thorn in the flesh was, and it wasn't sickness. If it is God's will to heal everyone, then why isn't everyone healed? It's not because of God. And it's not just because we don't have enough faith. We do have the faith to be healed. Jesus said the problem is our unbelief - unbelief cancels out faith. Instead of trying to get more faith or bigger faith, we just need a pure faith that isn't negated by unbelief. There are laws that govern the spiritual world just as there are laws that govern the physical realm. Electricity has been around since the beginning of the world, but mankind didn't benefit from electricity until recently, not because it didn't work, but because of our ignorance of the laws of electricity. Likewise, God's healing is here and available. It's only our ignorance of the laws which control the flow of God's power that keeps us from benefiting from it.

Everyone views life through a filter. The Bible calls that your philosophy. It's the way you think and it controls the outcome of your life. Ask yourself, do you believe the bible is the infallible and inspired word of God? Do you believe there is only one way to God? Is God good or judgmental? Does He control your destiny or is that up to you? The answers to these questions and many more will determine your philosophy. That philosophy then, will affect the way you see many social issues like creations and evolution, abortion and homosexuality. Christian Philosophy addresses the way we think, or should think according to the word of God, and applies that in a practical way to the issues we are facing in our culture. It will change the way your view the world forever.

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

Divine health and prosperity are better than divine healing and provision. If you live in divine health and prosperity, you wont need a miracle to get healed or to pay your bills. If you cant see the difference between the two, that may be one reason you only visit Gods best instead of truly living in it. Most Christians live in a place where its just a matter of time before there's a crisis in their lives and they need a miracle. You might think it would be wonderful to go from miracle to miracle, but that means you'd also be going from crisis to crisis! Miracles are great when you need one, but you weren't meant to continually get by on them. God wants to change where you live. Let Andrew show you how to live in Gods best today!
