Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the

subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

If you want to go up the ladder of success, if you want to get what you want, if you want to fulfill that "burning desire" that keeps your mind busy all the time and you do not do something about it, if you want to do "that thing" that you wanted to do some day but you never got a chance to do so, you must take your hands out of your pockets, roll up your sleeves, and take action now. You cannot sit still and expect the elevator of success to come down and take you to the peak. It has not happened to anyone. It will not happen to you either, guaranteed! Over the past several years I have helped many people like you to take their hands out of their pockets and climb

their ladder of success. I have spent quality time with them, listened to them, felt their pain, assisted them in taking the right path, and made sure they came out of the process successful and fulfilled. I want to help you too. If you are committed to YOUR success and want to get what you truly want, this book is an excellent start. Are you ready for the journey?

You have just been tapped on the shoulder, your hard work has paid off-it's time to celebrate getting there and quickly adjust to new expectations. Now comes the challenge: staying there! Now is when you learn that the skills that got you there-to a level in your career-are different from the ones you need to stay there. Priscilla Douglas has been there, as an executive herself and as a leadership coach to C-suite executives in a broad range of industries. In this book she

shares her unique approach to accelerating your career progress, using a model based on agility. It takes agility to see opportunities and move into them, then stay there and move forward every day towards ever-higher objectives. Like athletes, agile executives recognize what is going on, they adjust their thinking, they align themselves with the situation, then they act. Getting There and Staying There is built around questions. As you read, you will ask yourself questions and discover the answers that work for you at this time in your career. You can revisit these questions at another time and the answers might be different. The important thing is to keep asking the questions. Getting There and Staying There is your take-anywhere "coach in your briefcase." Use it on an airplane or a weekend afternoon-anytime you have an hour or two to devote to improving your performance, your relationships, and your capacity

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!
